

# LCD CLEANING KIT

#423168

Thank you for purchasing this MANHATTAN® LCD Cleaning Kit, #423168.

The kit gently removes dirt, fingerprints and smudges from most LCD surfaces — ideal for flat panel displays, TVs, notebook computers and other electronics and computer peripherals.

**See back for important safety information.**

- Special design commemorates international football championship
- Isopropyl alcohol free
- Soft, lint-free microfiber pad cleans without scratching

For best results, spray cleaner onto microfiber pad, gently wipe then quickly dry any excess liquid from LCD surface. MANHATTAN does not recommend that cleaning solution be *directly* applied to any LCD surface. Not recommended for use on anti-glare, privacy or polarized materials.

## SPECIFICATIONS

- Cleaning solution (isopropyl alcohol free): 20 ml (0.67 oz.); working and storage temperature, -10 – 50°C
- Dimensions, overall: 6.35 x 6.35 cm (2.5 x 2.5 in.); 120 g (4.2 oz.)
