

eSATA+USB Cable

eSATA+USB Male to Mini B USB and eSATA Male, Black

Quality connections for most any configuration.

Notebook manufacturers are starting to ship PCs and notebooks with eSATA+USB ports. HP, Gigabyte, Acer, LG, MSI, Asus and Toshiba are integrating this connection into their new designs. The 2-in-1 design of this connection combines the eSATA and USB connectors into one package. This saves space and allows flexibility for people who want to use USB to connect more peripherals, or those who want to enjoy the high speed of eSATA. MANHATTAN® provides cables and adapters to fully take advantage of this combination port so you can take advantage of the latest technology.

Cables

MANHATTAN provides high-quality cables for a variety of eSATA+USB configurations. These cables provide the flexibility to use devices that do not have the eSATA+USB combo port, as well as device cables for devices that are able to take full advantage of the combo port. These cables allow eSATA and USB devices to be used, or to power eSATA devices through the USB connection.

Adapters

MANHATTAN provides the easiest way to use the eSATA+USB combo port. By splitting the connection to separate USB and eSATA connections, you can use two devices at the same time or draw power from the USB connection to power your eSATA device.

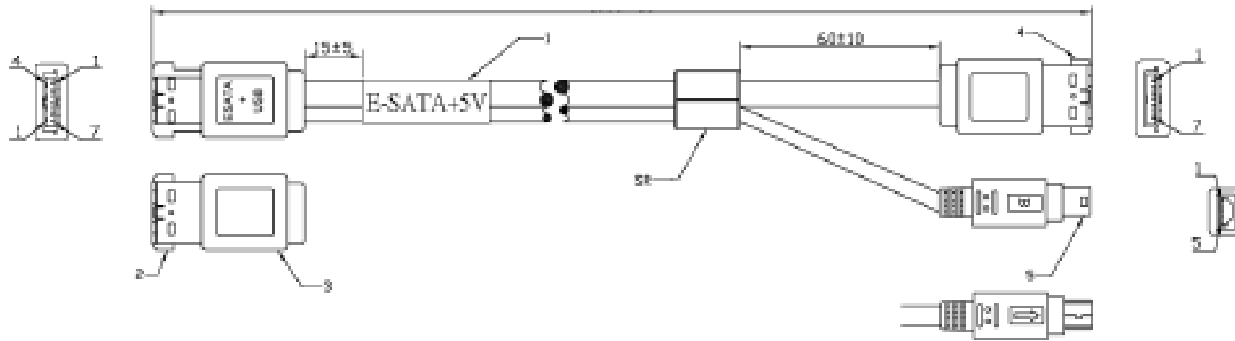

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.

Features

- eSATA+USB male to mini B USB male and eSATA male
- Supports full USB and eSATA data transfer speeds
- Easily connects a USB or eSATA device to a eSATA+USB port
- Simplifies eSATA data and power connections – supports data transfer on both ports or 5 V power over USB
- Fully shielded to help reduce EMI and other interference sources
- Molded PVC boot
- Lifetime Warranty

Specifications

STANDARDS AND CERTIFICATIONS

- USB 2.0
- UL 20276

CONTACTS

- (1) eSATA+USB male
- (1) USB mini B male
- (1) eSATA male
- Nickel plated
- Molded PVC boot
- eSATA: 26 AWG connectors
- USB: 28 AWG connectors

DIMENSIONS

- Length: 1 m (3.3 ft.)

ELECTRICAL

- Withstanding voltage: 300 V DC
- 10 ms
- Insulation resistance: 5 MOhms
- Contact resistance: 10 Ohms

PACKAGE CONTENTS

- eSATA+USB Cable
