

FireWire 800 Device Cable

9-pin to 9-pin, 1.8 m (6 ft.), Black

Part No.: **370493**

Quality connections for superior FireWire performance
MANHATTAN FireWire Cables easily connect notebook computers with peripherals, portable media devices and many popular audio and video components. MANHATTAN offers an assortment of FireWire cables engineered and constructed of quality materials to support data transfer rates up to 800 Mbps for 1394b connections (400 Mbps for 1394a connections) and deliver dependable, error-free transmissions. Full shielding and molded boots with strain relief help assure maximum conductivity for the fast connection of FireWire-enabled devices with reduced EMI interference and minimal data degradation.

Features:

- (2) 9-Pin male connectors
- Connects FireWire 800 controller to FireWire 800 device
- Supports data transfer speeds up to 800 Mbps
- Fully shielded to reduce EMI and other interference sources
- Lifetime Warranty

Specifications:

Standards and Certifications

- UL 2725
- IEEE 1394a
- IEEE 1394b

Connectors

- (2) 9-Pin male connector
- Nickel plated connector
- Molded PVC boot

Cable

- Length: 1.8 m (6 ft.)
- 30 AWG conductors
- Shielded
- Thermal plastic casing

Package Contents

- FireWire 800 Device Cable
