

SATA Data Cable

7-Pin 180-Degree Male to 90-Degree Male, 50 cm (20 in.), Red

Part No.: **305808**

Crimped or twisted cables can compromise data transfer and adversely affect system performance. A MANHATTAN SATA Data Cable — with 90-degree and straight connectors — is ideal for vertically mounted hard drives and other tight device installations with limited clearance to help maintain data integrity and a neat appearance of the case interior.

Features:

- One 7-pin SATA, 180-degree male connector to one 7-pin SATA, 90-degree male connector; connects SATA controller to SSD
- 90-degree, right-angle connection fits into tight, hard-to-reach spaces for better cable management
- Supports data transfer speeds up to 6.0 Gbps
- Slim design increases airflow and cooling efficiency and reduces cable clutter
- Fully shielded to reduce EMI and other interference sources
- Lifetime Warranty

Specifications:

Standards and Certifications

- UL 2725

Connectors

- One SATA 180-degree male 7-pin
- One SATA 90-degree male 7-pin
- Nickel plated connector
- Molded PVC boot

Cable

- Length: 50 cm (20 in.)
- 26 AWG conductors
- Shielded
- Thermal plastic casing
