

SVGA Extension Cable

HD15 Male / HD15 Female, Black

Model
324137
324205

Reliable connections for superior signal quality.

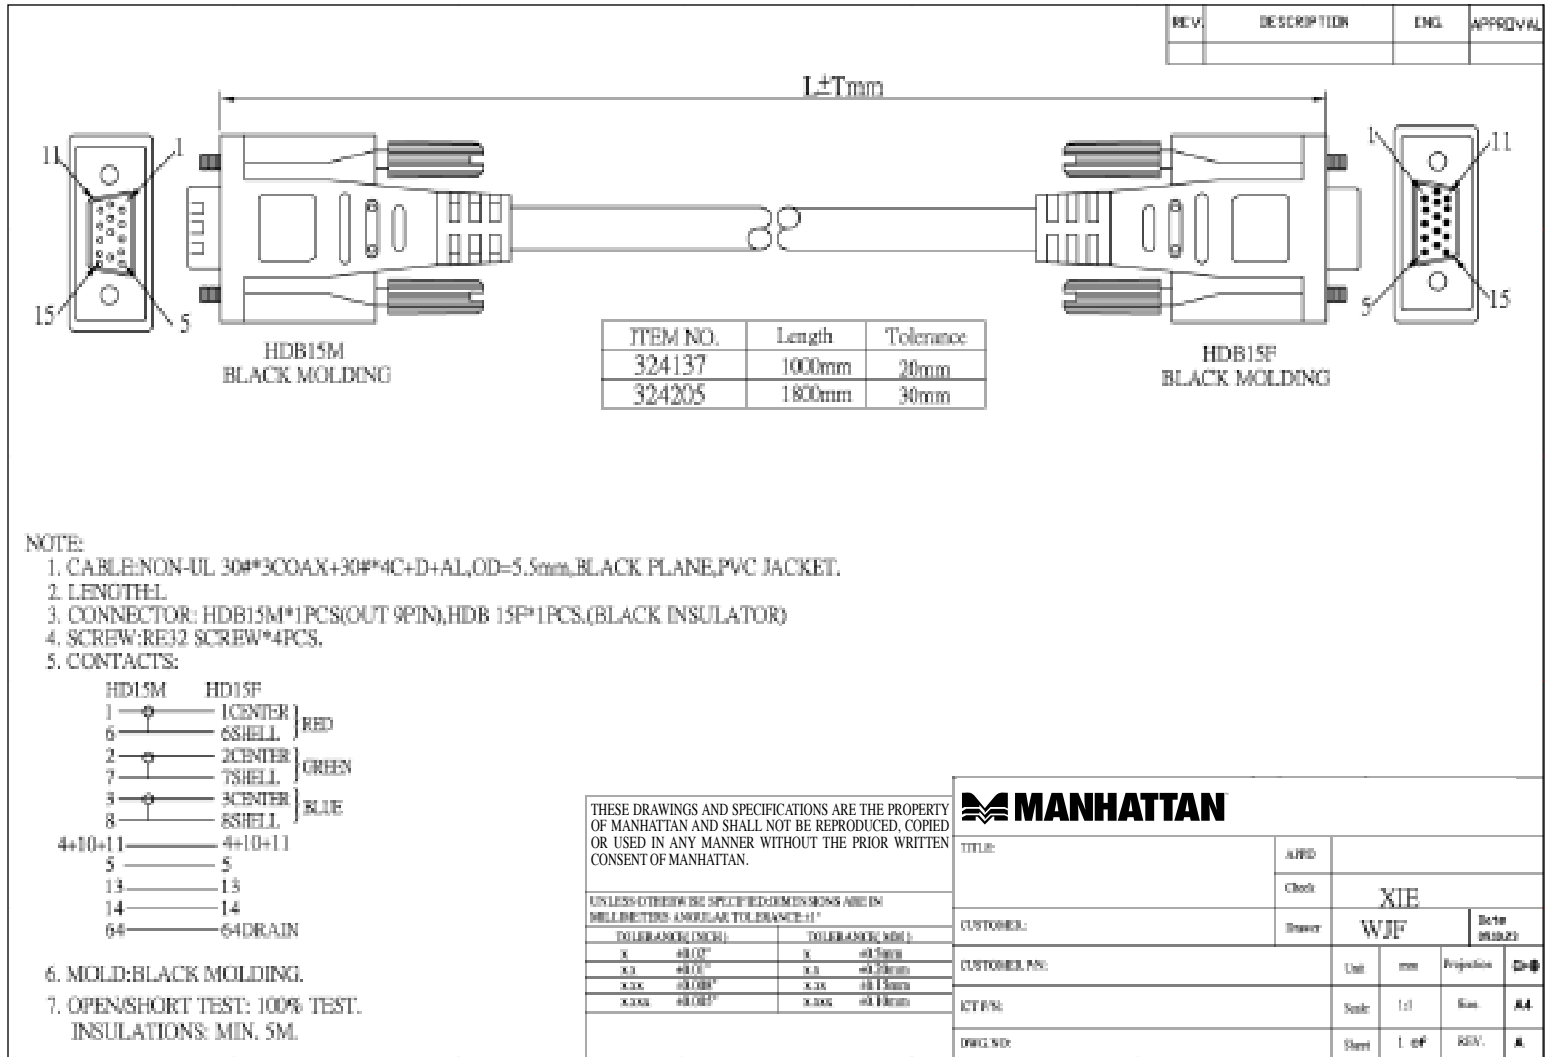

MANHATTAN® SVGA Cables easily connect a monitor with a desktop or notebook computer. Ideal for use with video splitters, KVM switches and any HD15-equipped display, computer or device, MANHATTAN SVGA Cables are engineered and constructed of quality materials to deliver dependable transmissions in video applications. Shielding, molded boots with strain relief and mini-coax (RGB) and paired video wire construction help provide maximum conductivity and clear, crisp images with reduced EMI interference and distortion over extended distances.

Model	Length
324137	1 m (3.3 ft.)
324205	1.8 m (6 ft.)
