## Before Getting Started

Before connecting or disconnecting a this keyboard, it's recommended that the computer be turned off. Also, to reduce the risk of damage or data loss, don't unplug the keyboard while the computer is functioning.

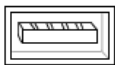

## Connecting Cables

**PS/2 Models:** Connect the keyboard to the PS/2 port on the back of the computer. (Most computers have color-coded connections: The mouse usually connects to the purple port.) After connecting the keyboard, turn on the computer.

**USB Models:** Connect the keyboard to the USB port on the front or back of the computer. If you're using a USB hub, the keyboard may be connected to an unused hub port. After connecting the keyboard, turn on the computer.
