

Hi-Speed USB Analog TV/FM Radio Stick

Full-function remote control

Transform your computer into a multimedia center.

Model
161251

Receive television and radio broadcasts almost anywhere with the MANHATTAN® Hi-Speed USB Analog TV/FM Radio Stick. It supports most worldwide analog television formats and FM radio to notebook and desktop computers. Users can easily schedule and record television programs directly onto hard drives for replay or transfer to CD and portable media devices.

Advanced Features Enhance Viewing Options

Multi-Channel Preview and Digital Personal Video Recording capture and directly save programs to the hard drive for replay or transfer to CD/DVD and other portable media devices. Electronic Program Guide (EPG) allows the viewer to browse program summaries, conduct channel and program searches, schedule reminders and more. Using time-shifting capability, viewers can replay favorite scenes, skip annoying advertising and apply pause/rewind/fast forward control with live video and recorded programs.

Easy to Install and Ready to Use

Favorite television and radio programs can be enjoyed almost anywhere. Simple USB connection and Plug and Play capability allow the MANHATTAN Hi-Speed USB Analog TV/FM Radio Stick to easily install in seconds on a Windows-compatible desktop or notebook computer without requiring an additional external power source.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.

Model
161251
