Fast-Wireless Charger for Car - 10 W — Securely mount and wirelessly charge any compatible smartphone

Get an effortless fast charge to your phone while you're on the go. Instead of hooking up cables to your device, the Manhattan Fast-Wireless Charger for Car - 10 W lets you set the phone in the charger's cradle so charging can begin. The charger offers air-vent or windshield mounting so your phone can sit at the right view. The charger also includes touch sensors that release the cradle arms so you can take your phone with you when you arrive at your destination.

Features:

- Qi™-certified to ensure a safe charge for you and your devices
- Up to 10 W fast-charging of compatible smartphones
- Air-vent clip and suction-cup mount options for secure fixing to a windshield, dashboard or air-conditioning vent
