

Surge Strip

4 Outlets, 125 Joules, 1.5 m (5 ft.) Cable

Put power where it's needed.

The MANHATTAN® Surge Strip with AC surge suppression provides convenient power distribution for computer rooms, workstations, technical benches, media/entertainment centers and other places in the home or office where additional power outlets are needed.

Helps Safely Expand Power Access

Its four 250 V AC receptacles with 125 Joules of built-in surge dissipation protect connected equipment from transient surges and line noise. The heavy-duty cord with 90-degree grounded plug and lighted power switch help reduce power cord clutter with the connection of multiple electrical devices to a single AC wall socket.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.

Model
161268
