Part No.: [179850](#)

EAN-13: 0766623179850 | UPC: 766623179850

On-ear USB Headset - affordable, quality stereo sound for home and office

The Manhattan Stereo USB Headset is your versatile audio tool for common calling applications, such as Skype, Teams or Zoom, across all platforms and operating systems. Whether you're participating in a conference call, listening to a webinar or enjoying your favorite playlist, you'll get reliably clear digital stereo-sound quality every time.

Plug and play, wired for business

Ready to go out of the box, this USB Headset lets you start talking and listening as soon as you plug in its single USB-A connector to your device. It works no matter what operating system your device supports, and you never have to worry about empty batteries since it's USB powered.

Comfortable all-day wear

The USB Headset's lightweight, adjustable headband features ultra-soft on-ear cushions that give hours of comfort. You can easily reposition the left-side flexible boom mic for better voice capture and then move it out of the way when you're done making calls.

Features:

- High-quality audio and reliable call clarity, ideal for home and office applications
- Padded on-ear cushions for comfort during long periods of use
- Adjustable headband for secure, relaxed fit
- Flexible, retractable microphone boom for hands-free communication
- Single USB connection for both sound and microphone
- USB connectivity to bypass faulty sound card or audio ports
- Plug and play
- Compatible with all operating systems
- Three-year warranty
