48-Port, 2U, Black

Part No.: **720946**

EAN-13: 0766623720946 | UPC: 766623720946

48-Port Blank Patch Panel - the link to high-speed network applications for your keystone jacks

The Intellinet Network Solutions Blank Patch Panel gives your IT staff the freedom to fully create the right network for your organization. Whether wiring connection points for any eligible piece of equipment or adding more ports to the network, the Blank Patch Panel makes the evolution of your network possible. It supports standard-sized keystone jacks (available from Intellinet Network Solutions) and its pre-numbered ports with supplementary writable labels offer easy identification of connected devices. It adheres to current industry standards and is 19"-rack compliant.

Features:

- 48-port blank patch panel for standard-sized keystone jacks - available separately from Intellinet Network Solutions
- 2U rackmount space
- Pre-numbered ports with supplementary writable labels
- Designed to fit all standard 19" racks and cabinets
- Ideal for use in high-density applications, offering more connectivity in less space
- Designed to support the distribution of voice, data, audio, video and fiber optic needs for commercial or residential applications
- Cold-rolled, galvanized SPCC steel with 1.5 mm thickness
- Lifetime warranty
