### **MW1 Wireless Optical USB Mouse - Reliable, durable and comfortable with wireless freedom**

The Manhattan MW1 Wireless Optical USB Mouse with its precise optical sensor offers reliable performance in a sturdy, practical design. Its top-mount push button instantly shifts resolution from 800 to 1200 to 1600 dpi to suit a wide range of applications, including routine computing tasks or computer games and editing requiring a fine touch. A compact size, ambidextrous shape and familiar configuration (three buttons with scroll wheel) make it ideal for daily computing needs. The remarkably small yet powerful USB micro receiver with 2.4 GHz technology provides an effective range up to 10 m (33 ft.) for true wireless convenience. Included auto power management helps maintain proper battery levels for long, dependable operation. Plug-and-play capability with Windows<sup>®</sup>, Mac<sup>®</sup> and Linux<sup>®</sup> compatibility makes installation quick and easy.

#### **Features:**

- Top-mount push-button control to instantly shift resolution between 800, 1200 and 1600 dpi
- Ambidextrous design for left- and right-handed users
- Wireless freedom via USB-A micro receiver with 2.4 GHz RF technology offering an effective range up to 10 m (33 ft.)
- Auto-power management to help maintain proper battery levels
- Low-friction base smoothly glides over work surfaces
