Wall-mountable tablet holder - Frame your tablet for Point of Sale applications, trade shows and more

Think of this anti-theft tablet enclosure from Manhattan as a digital picture wall frame. You can use it as a point-of-sale (POS) retail terminal, to greet clients in your office, for digital signage, as an information kiosk at trade shows and booths, for conference-room management, to create an interactive marketing kiosk and more. It is compatible with Apple® iPad® 9.7", iPad 10.2", iPad Air® 10.5" (Gen 3), iPad Pro® 10.5" and Samsung® Galaxy Tab A 10.1" (2019).

Mounting versatility

Hang the frame via the VESA pattern either flush, directly to a wall or to any VESA-compatible stand or fixture like a monitor arm. Constructed from high-grade steel, the attractive matte finish and slim profile make it look modern and aesthetically appealing in any environment.

Security first

Protect your expensive tablet from theft and tampering, especially in cases

where you need to leave it unattended. Lock it in the enclosure with the locking screws — all the hardware you need comes included in the package.

Clean-looking, clutter-free cable management

Internal cable management keeps your cords concealed and organized to give a professional look to the installation.
