Wireless Keyboard and Mouse Combo - double your productivity

The Manhattan Wireless USB Keyboard and Optical Mouse Combo Set combines excellent value with comfort and durability. The Wireless Keyboard offers a robust key structure and a full-sized numeric keypad that provide the immediate familiarity of the modern keyboard. When used in tandem with the included Wireless Optical Mouse, with its adjustable 800/1200/1600 dpi, standard buttons for left and right clicks, and a smooth scroll wheel, you are sure to notice an increase in how much you can get done.

This productivity booster is smartly designed to work seamlessly with your current computing setup, so your comfort and enjoyment are assured. Whether navigating expansive spreadsheets, entering numeric data, or typing up reports, the set's wireless capability offers up to 10 m of distance from your device, so the connection follows you wherever you need to move. A perfect replacement or complement to any Window[®] or Linux[®] computer, the Manhattan Wireless Keyboard and Optical Mouse Combo is essential for anyone who wants more from their working life.

Features:

- Sleekly styled 800/1200/1600 dpi optical mouse, keyboard and receiver set with power management mode
- Wireless freedom via USB-A nano receiver with 2.4 GHz RF for an effective range up to 10 m (33 ft.)

- Ergonomic key layout with generous work area and adjustable tilt mechanism for comfortable typing positions
- Four buttons and smooth scroll wheel with great tactile response
- Top-mount push-button control to instantly shift resolution between 800, 1200 and 1600 dpi
- Ambidextrous design for left- and right-handed users
- Low-friction base for smooth gliding over work surfaces
- Ergonomic shape and no-slip texture for a secure grip
- Auto-power management to help maintain proper battery levels
- Compatible with Windows® and Linux®
- Plug-and-play installation; no configuration required
- Mouse requires two AAA batteries, keyboard requires one AA battery (both included)
- Three-year warranty
