EAN-13: 0766623179942 | UPC: 766623179942

Headphones with mic - an over-ear 3.5 mm stereo audio headset for affordable, quality stereo sound at home and office

The Manhattan HS1 Classic Stereo Headset is your versatile audio tool for common calling applications, such as Skype®, Teams® or Zoom®, across all platforms and operating systems. Whether you're participating in a conference call, listening to a webinar or enjoying your favorite playlist, you'll get reliably clear digital stereo sound quality every time.

Plug and play, easy to use and wired for business

Ready to go out of the box, this headset lets you start talking and listening as soon as you plug its single 3.5 mm stereo connector into your device. It works no matter what operating system your device supports, and you never have to worry about empty batteries since it's wired.

Comfortable all-day wear

The stereo headset's lightweight, adjustable headband features ultra-soft over-ear cushions that give hours of comfort. You can easily reposition the left-side

flexible mic for better voice capture and then move it out of the way when you're done making calls.

Convenient in-line controls

Integrated controls located on the headset's cord make it easy to adjust the volume without disrupting the call or your workflow.

Features:

- High-quality audio and reliable call clarity, ideal for home and office applications like Zoom®, Skype®, Teams® and more
- Padded over-ear cushions for comfort during long periods of use
- Adjustable headband for secure, relaxed fit
- Flexible, retractable microphone boom for hands-free communication
- Padded microphone to eliminate pop noise
- Adjustable in-line volume control
- Single 3.5 mm stereo plug connection for both sound and microphone
- Extra-long 2.5 m (8 ft.) cable so you can stand up and stretch during long conversations
- Plug and play
- Compatible with all operating systems
- Three-year warranty
