Cable Stripper and Cutter for UTP / STP Ethernet, Telephone, and Data Cables

Prepare data cables for installation with the efficient wire stripper from Intellinet Network Solutions.

Versatile Solution for Any Cable Type

Our tool is a great solution for IT technicians tasked with building custom cable lengths. Whether you're working on network installations or telephone systems, with shielded (STP) or unshielded (UTP) cables, this stripping tool streamlines the process. Compatible with diameters ranging from 3.2 to 9 mm (0.13 to 0.35 in.), it handles both flat and round cable types with ease. No need for multiple tools - this one does it all.

Precision Cutting Made Easy

Equipped with high-quality SK5 carbon steel blades, our tool ensures precise and efficient cutting every time.

Adjustable for Perfect Fit

With screws to adjust the blade heights, you can tailor our tool to fit individual cable diameters perfectly. This ensures a flawless cut every time, regardless of the individual thickness.
