EAN-13: 0766623462549 | UPC: 766623462549

USB Webcam with noise-suppressing microphone to call, record and stream with QHD (1440p) clarity in home office and more

Elevate your virtual interactions with the Manhattan 1440p QHD USB Webcam, delivering sharp video and voice clarity for streaming, video conferencing, and recording.

Stunning Visuals

Look your best in 1440p widescreen format with 30 frames per second, ensuring every detail is captured with sharpness and fluidity. Automatic white balance and exposure adjustment optimize the image quality to compensate for less-than-optimal lighting environments. Whether it's a dimly lit room or a bright office, rest assured that your webcam will adapt to provide the best possible image, ensuring you always look your best.

Built-in Noise-Rejecting Mic for Crystal-Clear Voice Transmissions

Let your voice be heard with confidence. This webcam features a microphone that filters out unwanted ambient noise (like background chatter or keyboard clicks).

Versatile Compatibility and Instant Connection

Seamlessly integrate with popular platforms like Zoom®, Skype®, Teams®, and more, whether you're working from home or in the office. Get up and running in seconds with plug-and-play installation - no hassle, no fuss, just instant communication.

Always in Focus

Say goodbye to blurry images. This webcam's autofocus feature ensures that your image remains sharp and clear at all times, whether you're moving closer to the camera or stepping back. Enjoy uninterrupted communication without worrying about manual focus adjustments - the cam does the work for you. 360 degree swivel adjustments let you aim the camera lens directly at you.

Privacy at Your Fingertips

Take control of your privacy with the built-in privacy shutter, offering peace of mind whenever you need it.

Freedom to Position

Achieve the perfect angle with the adjustable clip base, designed for secure attachment to your screen or desktop. An M6 thread on the bottom lets you mount the cam on a tripod. With a generous 1.5-meter (5 ft.) cable, you have the flexibility to position your webcam exactly where you need it, every time.

Capture Every Detail in Ultra-Wide Field of View

Expand your field of view with a diagonal field of view (dFoV) of up to 90°, ensuring everyone fits comfortably in the frame.

Features:

- QHD video resolution (2560 x 1440) and reliable voice clarity, ideal for streaming, video conferencing, and recording
