

MOBILE SECURITY LOCK

QUICK INSTALL GUIDE

MODEL 440837

Thank you for purchasing the MANHATTAN® Mobile Security Lock, Model 440837. With its three-digit combination lock and built-in security slot ("K-slot"), plus steel cable and all-metal construction, this lock serves as an ideal deterrent to would-be thieves.

NOTE: The factory-set combination is 000. To reset, push the cable in toward the lock and hold it in while turning the wheels to the desired combination.

1. Install the rubber washer, lock ring, and screw with the tool provided.

2. Loop the cable around a convenient, immovable object: desk leg, drawer handle, etc.

3. Push the button in open the "jaws," then place them over the ring and release.
4. Turn the combination wheels to lock.
