Floor-Standing Swivel TV Mount - Optimize Your Viewing Angle on a Sleek, Stylish Stand

The Portable Height-Adjustable Swivel TV Stand from Manhattan gives you the flexibility to mount your display anywhere. Let your movies move with you - from your living room to your patio in the summer and back to your fireplace in the winter. As opposed to regular wall mounts or tabletop stands, this one even allows for placement in a corner - maximum versatility for apartments, conference rooms and more. Its sculpted design provides a modern, sleek look, enhancing the aesthetic appeal of any living room or entertainment space.

Optimized Viewing Experience

With a +/-70° swivel feature, the stand allows you to find the perfect viewing angle no matter where you are in the room. The height-adjustable feature offers four different levels - 940, 990, 1040, and 1090 mm (37, 39, 41, and 43 in.) - to accommodate your preferences and room layout. Whether you're watching movies, gaming, or catching up on your favorite shows, this TV stand ensures you always have the best view.

Practical Design

The stand includes adjustable leveling feet, ensuring maximum stability even on uneven surfaces. For added safety, it features snap-in spring locks with release cords, making installation simple and secure. Its V-shaped offers a stable footprint and space efficiency

Clean-looking, clutter-free cable management

To organize your TV's HDMI, Ethernet and power cables, this mount lets you run them through the pole. This smart cable management helps create a cleaner look and reduces potential trip hazards.

Advanced safety option with pets and kids in mind

If you don't move the tripod stand constantly but have kids or pets running around, you can make it tip-proof with the included safety kit. Simply attach the wires from the back of your TV to two metal pieces you can drill to the wall.

Features:

- Free-standing mount for one 32" to 70" TV up to 40 kg (88 lbs.)
- Up to +/-70° swivel for optimized views
- Height-adjustable to four levels: 940, 990, 1040, and 1090 mm (37, 39, 41, and 43 in.)
