

# NOISE CANCELLING STEREO EARPHONES QUICK START GUIDE

MODEL 164238

Thank you for purchasing the MANHATTAN® Noise Cancelling Stereo Earphones, Model 164238.

Choose between two modes for optimal noise-cancelling effects, as an embedded microphone samples ambient sound and then transmits a counter-frequency through the earphones to eliminate unwanted background noises.

Connect to most media sources via airline, 1/4" or 3.5mm stereo plugs

Three pairs of interchangeable silicone earbuds provide a comfortable custom fit to improve sound isolation

Noise cancelling function reduces background noise by up to 70%

S/F (Street/Flight) switch lets you optimize noise-cancelling effect

Included AAA battery provides up to 30 hours of audio enjoyment
