

19" 1U Rackmount 8-Outlet Power Distribution Unit (PDU) with C14 Plug and Switch

Eight EU CEE 7/3 Sockets, Built-in 2 m Power Cord with C14 Plug, 10 A, On/Off Switch, Horizontal Mount, Aluminum, Black/Silver

SKU: 716635 | EAN-13: 0766623716635 | UPC: 766623716635

Reliable Rack-Mounted Power Strip with 8 EU Sockets, Convenient On/Off Switch, and Universal C14 Plug for Your Network

Engineered for professional environments, this **19" 1U Rackmount 8-Output PDU** from Intellinet Network Solutions delivers safe and efficient power distribution for network, telecom, security, and AV equipment. Featuring **eight EU CEE 7/3 (Type F) outlets**, it ensures consistent power supply in data centers, server rooms, or control cabinets.

Flexible Power Input with C14 Plug

The built-in **2 m power cord with a universal C14 plug** allows easy connection to any C13 PDU, UPS, or C13 to AC mains cable, offering maximum flexibility across different regions and setups.

Safety First with On/Off Switch

A **two-pole illuminated on/off switch** with a protective cover prevents accidental shutdowns, while **contact-shuttered outlets** add an extra layer of safety by limiting direct access to live parts.

Optimized for Rack Integration

Designed for seamless integration into standard **19-inch racks**, the PDU supports **horizontal 1U mounting** with front-facing brackets. Its **angled outlet orientation** provides better cable management in tight rack environments.

Durable and Built for Daily Use

Constructed from **black anodized aluminum**, the PDU is built to last in demanding settings. The **IP20-rated housing** offers protection against solid objects, while a **grounding point** safeguards connected devices from electrical surges.

Features:

- 8-way single-phase PDU with European type F sockets for electrical equipment, ideal for networking, telecom, security and audio/video
- Built-in 2 m power cord with universal C14 plug, compatible with any regional C13 to AC mains cable, C13 PDU or UPS
- Illuminated two-pole on/off safety switch with protective cover to prevent accidental shutdown
- Sockets with increased touch protection through contact shutters
- Horizontal 1U 19" rack-mount installation
- IEC 60297 / EIA 310-compliant; compatible with all standard 19 in. / 482.6 mm racks
- Angled outlet orientation for easier cable management in tight rack environments
- Durable aluminum construction with IP20-rated housing
- Grounding point to protect equipment from external electrical surges
- Bracket installation style: frontal
- For indoor use only
- Three-year warranty

Specifications:

Standards and Certifications

- CE
- RoHS
- REACH
- UKCA
- IEC 60884
- IEC 60297
- IP20

Electrical

- AC input: 220.0 - 250.0 V; 50 - 60 Hz
- Operating voltage: 230.0 V

- Plug standard: C14
- Socket/outlet standard: EU CEE 7/3 (Type F); IEC 60884
- Maximum load: 2,500.0 W
- Overload protection: 10.0 A maximum load current

Physical

- Dimensions (L x W x H): 45 x 482.2 x 45 mm
- 1U rack mount
- Cable length: 2 m
- Cable type: H05VV-F 3G 1.5 mm²
- Socket angle: 35°
- Net weight: 800 g
- Gross weight: 900 g
- Housing: aluminum

Package Contents

- 19-inch 1U 8-Way PDU with On/Off Switch and C14 power cable
