

## 10" 1U Rackmount 4-Outlet Power Distribution Unit (PDU) with Switch

Four EU CEE 7/3 Sockets, Built-in 2 m Power Cord with EU CEE 7/7 Plug, 16 A, Horizontal Mount, Aluminum, Black/Silver

SKU: 716628 | EAN-13: 0766623716628 | UPC: 766623716628

### Compact Rack-Mounted Power Strip with 4 EU Sockets for 10-inch Racks

Designed for space-sensitive rack environments, this 10" 1U Rackmount PDU from Intellinet Network Solutions delivers safe and efficient power distribution for small-scale networking, telecom, security, and AV installations. With four EU CEE 7/3 (Type F) outlets, it offers a reliable power source for rack-mounted equipment in compact cabinets.

### Ready-to-Use with Built-In Power Cord

The integrated 2-meter power cord with a CEE 7/7 plug (compatible with both Type E and F sockets) ensures immediate usability in a wide range of European electrical systems. Supporting up to 16 A, it's ideal for devices with moderate to high power demands.

### Safety First with On/Off Switch

An illuminated two-pole safety switch with a protective cover prevents accidental power-offs, while contact-shuttered sockets provide increased touch protection. This makes the unit a safe and dependable choice for professional installations.

### Optimized for 10" Rack Integration

Designed specifically for horizontal 1U mounting in 10-inch racks, this PDU includes angled socket orientation for improved cable management - especially useful in tight rack spaces. Front-facing mounting brackets offer simple and secure installation.

### Durable Construction for Professional Use

The rugged aluminum housing with IP20 protection ensures long-lasting durability, while the integrated grounding point helps protect connected equipment from external electrical surges. Its sleek black/silver finish complements modern rack systems.

### Features:

- Compact 4-way single-phase PDU with European type F sockets for electrical equipment, ideal for networking, telecom, security and audio/video
- Built-in 2 m power cord with universal CEE 7/7 hybrid plug fits both European type F and French type E sockets
- Illuminated two-pole on/off safety switch with protective cover to prevent accidental shutdown
- Sockets with increased touch protection through contact shutters
- Horizontal 1U 10" rack-mount installation
- Angled outlet orientation for easier cable management in tight rack environments
- Durable aluminum construction with IP20-rated housing
- Grounding point to protect equipment from external electrical surges
- Bracket installation style: frontal
- For indoor use only
- Three-year warranty

### Specifications:

#### Standards and Certifications

- CE
- RoHS
- REACH
- UKCA
- IEC 60320
- IEC 60884

#### Electrical

- AC input: 220.0 - 250.0 V; 50 - 60 Hz
- Operating voltage: 230.0 V
- Plug standard: EU CEE 7/7 (Type E/F); IEC 60320
- Socket/outlet standard: EU CEE 7/3 (Type F); IEC 60884
- Maximum load: 4,000.0 W

- Overload protection: 16.0 A maximum load current

#### Physical

- Dimensions (L x W x H): 45 x 256.1 x 45 mm
- 1U rack mount (10-in.)
- Cable length: 2 m
- Cable type: H05VV-F 3G 1.5 mm<sup>2</sup>
- Socket angle: 35°
- Net weight: 540 g
- Gross weight: 660 g
- Housing: aluminum

#### Package Contents

- 10-inch 1U 4-Way PDU with On/Off Switch
