

UK 10-Bay AC Charging Cabinet

British BS1363A Outlets, Spacious Slots for Devices up to 15.6", Lockable, 220-Joule Surge Protection, Wall-Mountable and Stackable, Black

Part No.: **181211**

EAN-13: 0766623181211 | UPC: 766623181211

Charging Station and Storage Solution for Classrooms, Hospitality, and more

Charging, storing, and protecting portable devices is easy with the reliable Manhattan UK 10-Bay AC Charging Cabinet. It's the ideal solution for laptops and other devices up to 15.6 inch in schools, restaurants, gyms, doctor's offices, universities, hotels, offices, and more, so you can efficiently assist your students, guests, patients, customers, and patrons. Whether used on a desktop, or mounted on a wall, it delivers maximum versatility and peace of mind.

Optimised Power with Built-In Protection

Equipped with ten UK BS1363A AC outlets, arranged in two PDUs at the rear, this cabinet provides reliable power distribution. For maximum safety, it features a surge suppression rating of 220 joules to defend your sensitive electronic components against power surges and spikes. The included 2 m power cable (C13 to UK plug) ensures convenient connection to mains power.

Spacious, Organised, and User-Friendly

Each of the ten device slots offers generous dimensions of 430 (D) x 35 (W) x 272 (H) mm, with integrated cable management built into the dividers for a

clean and organised setup. Side openings act as hand grips for easy lifting, and the cabinet's rounded edges help prevent injuries in fast-paced or shared environments.

Built to Last - Secure and Durable

Made from up to 2 mm thick steel with a durable powder-coated finish, the cabinet is both robust and lightweight. A ventilated housing and perforated steel door ensure optimal airflow, while the three-point locking system secures your devices behind a tamper-resistant swing handle. Two keys are included for safe access control.

Flexible Installation Options

This charging cabinet adapts to your space and workflow. Wall-mounting holes on the back allow for space-saving installation and added theft protection - all mounting hardware is included. For even greater capacity, the unit is stackable up to two levels.

Sleek, Practical, and Purpose-Built

Finished in matte black with a clean industrial look, the UK 10-Bay Charging Cabinet is built to handle the demands of modern device management. Whether you're outfitting a classroom, IT lab, or shared workspace, it combines functionality, durability, and safety - all in one compact and configurable unit.

Features:

- Safely stores and charges laptops, Chromebooks, tablets, iPads®, MacBooks®, phones, and other devices up to 15.6"
- Ten UK BS1363A AC outlets, arranged in two PDUs on the back with five outlets each
- 220-joule surge protection against dangerous power surges and spikes
- Spacious device slots 430 (D) x 35 (W) x 272 (H) mm each with cable management built into the dividers
- Sturdy, secure metal housing with up to 2 mm thick steel and powder coating; lockable with two included keys
- Ventilation slots for maximum airflow and cooling efficiency
- Perforated steel front door with swing handle and three-point door lock
- Openings on each side as hand grips for easier lifting and transport
- Built-in wall-mounting holes on the back to install the cabinet, save space and prevent theft, all mounting hardware included
- Stackable up to two units for more extensive charging with a greater number of ports, all mounting hardware included
- Top compartment with adapter bays organises power supplies and

routes cables neatly to the device bays below

- Round edges to avoid injuries in busy environments
- Power cable with C13 to UK plug, 2 m, included
- Built-in grounding cable protects equipment from external electrical surges
- No device chargers or charging cables included (separately available from Manhattan)
- For indoor use only
- Three-year warranty

Specifications:

Standards and Certifications

- UKCA
- CE
- RoHS
- REACH
- IEC 60320
- IEC 60884

Electrical

- AC input: 220.0 - 240.0 V; 10.0 A; 50 - 60 Hz; IEC 60320 C14
- Operating voltage: 230.0 V
- Socket/outlet standard: British BS1363A; IEC 60884
- Maximum load: 2300.0 W
- Overload protection: 10.0 A maximum load current
- Surge protection: AC suppression with 220.0 joules

Protection Characteristics

- Short-circuit (SCP) with auto-recovery mode
- Overvoltage (OVP) with auto-recovery mode
- Overcurrent (OCP) — current limit: 150% (max)

Physical

- Materials: cold-rolled, powder-coated steel, and flame retardant ABS plastic
- Perforated steel front door
- External unit dimensions (D x W x H): 510 x 526 x 525 mm
- Internal device bay dimensions (D x W x H) (10): 430 x 35 x 272 mm
- Wall-mount hole spacing: 322.8 mm (horizontal), 80 mm (vertical between pairs)
- AC power cable length: 2 m
- Cable type: H05VV-F 3G 1.5 mm²
- Net weight: 24.92 kg
- Gross weight: 28.16 kg

Environment

- Operation temperature: 0 - 45°C

- Storage temperature: -15 - 45°C
- Humidity (non-condensing): 20 - 80%

Package Contents

- UK 10-Bay AC Charging Cabinet
- Power cable with C13 to UK plug, 2 m
- Two door keys
- Wall-mounting hardware: four M8x80mm screws
- Mounting hardware for stacking: three M6x12mm screws
- Documentation
