SKU: 462785 | EAN-13: 0766623462785 | UPC: 766623462785

Professional Universal Video Wall Solution for Digital Signage and more

The Adjustable Video Wall Mount from Manhattan provides a sleek, professional setup for LCD/LED TVs from LG, Samsung, Sony, Sharp and others, supporting up to 70 kg (154 lbs.). Ideal for creating impressive multi-screen displays in retail, hospitality, education, and other public venues, this mount offers versatility and stability for impactful digital signage.

Seamless Alignment and Fine-Tuning Adjustments

Achieve flawless display alignment with micro-adjustments in height, depth, and lateral shift brackets. These features ensure side-to-side positioning, allowing for a perfectly aligned video wall that enhances viewer engagement and presentation quality.

Easy Access with Pop-Out Design

The convenient pop-out extension allows easy access to the back of the screen, simplifying installation, adjustments, and maintenance. It holds your screen at a minimal 78 mm (3 in.) distance from the wall, with an optional extension up to 220 mm (8.7 in.). Thanks to post-installation leveling adjustments of $\pm 3^\circ$, you can optimize viewing angles effortlessly, ensuring a polished finish.

Enhanced Security with Anti-Theft Lock Option

For high-traffic areas, the mount includes an anti-theft locking option (padlock required, not included), providing peace of mind in public environments. This added security feature is ideal for installations in places like retail stores and transportation hubs.

Heavy-Duty Construction for Long-Lasting Performance

Constructed from 2 mm thick reinforced steel with a powder coating, this mount ensures durability and stability on uneven surfaces. The extendable knobs further enhance its stability, making it a reliable choice for long-term installations in demanding environments.

Features:

- Supports one flat 37" to 80" TV up to 70 kg (154 lbs.) for integration into a professional video wall installation
- Seamless display alignment with micro height and depth adjustments, plus lateral shift brackets for side-to-side positioning (X, Y, and Z axis)
- Optimized views with $\pm 3^\circ$ post-installation leveling adjustment
- Pop-out extension for easy display installation, adjustment, rear access, maintenance, and replacement
- Anti-theft locking option, great for digital signage (requires padlock, not included)
- Adjustable wall distance from 78 to 220 mm (3 to 8.7 in.)
- Pop-out lock system ensures secure positioning and prevents accidental release
- Extendable knobs on the back for enhanced stability against uneven walls
- Heavy-duty construction with 2 mm thick reinforced steel and powder coating
- Ideal for public multi-screen presentations, digital signage, and menu boards in retail, education, hospitality, conference centers, lobbies, trade shows, and public transportation
- Meets VESA standards 200x200 to 800x400 e.g. 200x200, 300x200, 400x200, 300x300, 400x300, 400x400, 600x400, 800x400
- Lifetime warranty
