airbnb reviews from, Mun Tulum ZEN RESIDENCES

- * The place is absolutely amazing. So relaxing, right by the Tulum ruins, but secluded in a private area. So beautiful.
- * The view from the entire place is beyond serene and beautiful. I would definitely recommend Mun Tulum to everyone. Thank you for an amazing place.
- * This places is speechless, clean and comfortable, the view is terrific, you feel in the middle of the jungle all the time with an amazing sound in the background, Amazing for those who also are looking for a relaxing and unique time.
- * You are able to see the Mayan ruins in the distance plus the beautiful scenery it provides. Security is also in the gates. Overall totally worth the place.
- * An amazing jungle place away from it all with degree view of the jungle. Very well designed and a wonderful Zen community. Our top experience in Tulum.
- * This is a beautifully place with breathtaking views of the jungle and Mayan ruins from wherever you are in it.
- * This is a true place in the sky. You will be surrounded by jungle on all sides and completely immersed in the tranquility of nature and peace of the beauty that surrounds you. Sunsets and sunrises will take your breath away.
