

ANNUAL NEWSLETTER 2019-20

The **Vidyachetana** program works towards educating children from underprivileged backgrounds. Through scholarships, motivated students are given resources and support to complete their education and obtain sustainable employment. The scholarship programs up to 10th standard come under Vidyachetana and those from PUC come under **Vidyachetana Plus**. The academic year 2019-2020 was a huge success, with **1198** students being given the opportunity to shine academically.

Significant contributors to the success of this program include our donors and mentors. We are grateful for their generosity

Students supported since Inception - Vidyachetana Plus

Support from Our Donors

- Corporate funding for 24 Vidyachetana Plus students.
- Education support for 12 Social worker's children by a donor.
- 9 girl students supported by a Donor.

Life-skill workshops

Working towards the all-round development of Vidyachetna students **32** Workshops were conducted at **5** Urban and **11** Rural schools. Workshop on topics such as

- *Interpersonal Skills*
- *Communication Skills*

- *Teamwork*
- *Leadership*
- *Social values – Seva Attitude, Gratitude*

are conducted as a part of these life skills workshops.

Target for Coming Year

At Youth for Seva, we aim to set the bar higher each year. Bolstered by the expanding support from teachers and donors, our aim for the upcoming academic year is to empower 260 students with education.

Vidyachetana Success Story

Sahana, a final year student at Presidency University, Bangalore comes from an economically backward family, where her mother, a teacher, is the sole breadwinner. Despite the challenges Sahana always kept her dreams alive.

When she secured admission into Presidency University, the family needed a supporting hand to help the child's education expenses. Youth For Seva stood by her dreams by providing financial and continued mentoring support until the completion of education.

Sahana has recently secured a placement in IBM, Bangalore. She is immensely grateful for the invaluable Support by Youth for Seva. We are very proud of her achievements and wish her all the best!

Vidyachetana Plus Success Story

Yathish, a recipient of the Vidyachetana scholarship, hails from a village near Tumkur, Karnataka. His family lives on pension money given by the Karnataka state government. He completed BE in Mechanical Engineering from R V College, Bangalore. The Vidyachetana program enabled him to complete his engineering degree with a 6.8 GPA. He has even received a placement with DXA technology. We are proud of his achievements and wish him all the best!

Donor Testimonials

Mrs. Paranjyothi

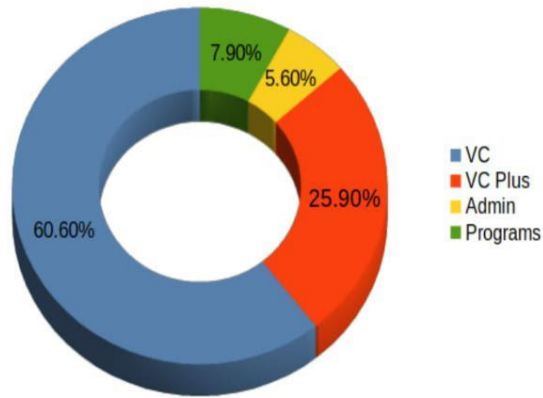

I am a firm believer that all children, irrespective of their backgrounds, should have access to quality education. In this regard, the Vidyachetana program under Youth for Seva has been instrumental in providing access to high-quality education for underprivileged children. I like the transparency in the program and the dedication of the team involved.

Mrs. Srimathi

I am a strong supporter of "education for all", especially for children. Before contacting Vidyachetana, I used to support the education of two or three children every year by paying them directly. Donating to the Vidyachetana program has helped me contribute and has helped more children achieve their dreams.
