

Your Church Can Get Involved and Partner with the Village of Chilombo, Malawi

The village of Chilombo is located about one hour's drive from downtown Lilongwe, the capital of Malawi. This severely impoverished community consists of approximately 8,000 people. It is in a very remote, extremely underdeveloped part of Malawi, with no electricity and very little access to clean water. Due to the high prevalence of HIV/AIDS, 53 percent of the population of Malawi is under age 18. Most women in Chilombo are widowed or divorced and leading single-parent households. In this village there are Christian churches coexisting with native beliefs and practices of the Chewa tribe.

We currently have close to 300 children enrolled in the Chilombo Village Partnership Program. Along with caring partners like you, the Village Partnership Program helps provide education, evangelism, discipleship, HIV/AIDS awareness and testing, medical care, and provision distribution to the most vulnerable families in this community. COTN is also helping construct a secondary boarding school at our nearby ministry center so that older students can continue learning.

STRATEGIC PROJECTS

VENTURE

As you become more invested in Chilombo, your church may decide to take a Venture trip and see firsthand how you can be a partner with this community. For more information, check out our Malawi Venture [calendar for this year](#)

In addition, we keep a standby list of emergency response medical and construction teams. Please contact [our Venture department](#) for more information.

SPONSORSHIP

Sponsorship is still an important need in Chilombo, as we seek to provide holistic care for the children. As we continue to help families become more stable and independent, we also provide school fees, food, and medical care to around 300 children. Your church can host a Sponsorship Sunday event or individuals can sponsor at any time.

Village Partnership Program: Sponsor a child living with impoverished parents or caregivers.

University/Vocational Program: Sponsor a student's higher education and partner with them to transform their community.
