

TRAINING IN TACTICAL DEFENSE FOR CIVILIANS

ASYMMETRIC SOLUTIONS WEEKEND COURSES

Chief Civilian Instructor Grady Powell
teaching students at a Carbine Course

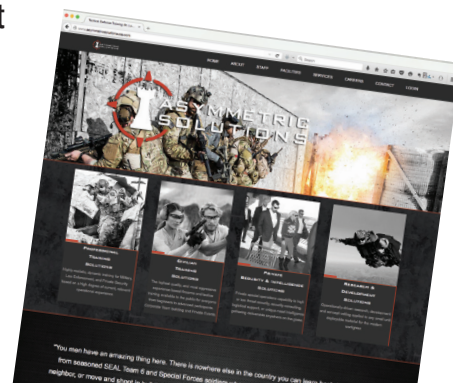

*"You have an amazing thing here.
There is nowhere in the country
you can learn skills from
seasoned SEAL Team 6 and
Special Forces soldiers who are
friendly and approachable.
Or move and shoot in buildings
and around vehicles on a
military-grade compound. We are
lucky to have you so close."*

—Paul McCain, Pastor and Armed Citizen
St. Louis, Missouri

Member Takeaway Flyer (Example)

For Asymmetric Solutions Civilian Training Membership

An example of a simple, inexpensive marketing flyer that can be made available to members to market to their friends, family and communities (e.g. gun shops). Copies could be attached to the certificate that each member takes away from the site at the end of each course. Could be enhanced with a custom offer code tied to a member referral program and still printed and distributed after class or electronically (pdf).

Letter size (8.5"x11") able to be printed locally if needed in color or b&w. Can be distributed electronically as pdf (customized to member id or not).

Targeted flyer for specific audiences, using unique color for different markets and specific messaging to different audiences (e.g. Civilian, Law Enforcement, Military)

Custom URL for specific marketing messages, sign-up process and results tracking.

Sign-up incentive offer tied to a customized member referral program.
