INTRODUCING METALAM™

Steel Art's architectural quality laminate letters are a true cost-effective solution. And they're available to you in an exciting array of 30 metal finishes.

- Metal face/acrylic laminate letters
- High pressure thermal lamination yields a superior bond
- Genuine Chemetal™ laminates
- Featuring 30 architectural metal finishes
- All standard acrylic colors available
- Sides may be natural acrylic, color to match face or PMS color match
- Sizes from 1/8" to 1" deep and 1.5" to 24" high
- Ultra smooth edges with slight radius inside corners
- Mounting options: Full back coverage of pressure sensitive tape or threaded studs
- Plaques, assemblies, custom finishes, digital prints available
- Cost effective, architectural quality, fast shipments!
