

MURANO

- A** 1/2" 3030 Acrylic Thermoformed Face
Polished Edges
Backpainted - C1
- B** Raised Integral Vertical Stripe - C2
- C** Raised Integral Copy - C2
- D** Clear Thermoformed Grade II Braille
- E** Raised Integral Custom Logo

The magnificent and shining splendor of 1/2" thick architectural green acrylic is heralded within the Murano sign family. This clean, bold and powerful design is ideal for open air environments where the natural light can dance through the sign's core.

- Thermoformed acrylic for ultra-durability and beauty

ABOUT THE DESIGNER: Amanda Alexander

The rich set of capabilities afforded by thermoforming sign-making technology has sparked a fresh level of creativity and enabled me to draw on my architectural experience in conceptual design and affordable application . It's truly exciting to design sign packages with a wide array of unique components allowing for limitless branding potential.
