

Cardio Fuel for Your Entire Body

Boost regulates healthy blood pressure by improving cardiovascular function, boosts athletic performance by increasing oxygen delivered to muscles, and aids in extremity and cognitive health by improving circulation to your limbs and brain.*

Benefits of Boost

Energy and Stamina

We paired L-arginine AAKG with other plant-based antioxidants to help power your circulatory function, promote nitric oxide (NO) production in your body, and enhance your quality of performance.

Circulatory Health

Age, diet, and exposure to stress can affect your circulation and inhibit blood flow in your body. Boost helps deliver vital nutrients and oxygen to your cells, tissues, and organs in order to maintain optimal circulatory health* and achieve results that can be felt throughout your entire body.

Heart Health

Increase performance for everything from everyday activity to athletic endurance and stamina to sexual drive and performance. Since maintaining healthy blood flow is crucial for optimal health, long-term use helps to support a long, heart-healthy life.*

BOOST

Premium Nitric Oxide Formula

Previously known as TechNO Boost

PROMOTES

HEALTH

INCREASES
BLOOD FLOW

IMPROVES
PERFORMANCE

Circulatory Health and Stamina

Maintaining healthy blood flow is crucial for optimal health. Boost is a proprietary formula designed to increase nutrient and blood flow with 2-in-1 nitric oxide (NO) support.

Nitric oxide opens your blood vessels to increase nutrient flow through your body.

Low nitric oxide constricts blood flow.

Nitric oxide signals blood vessels to dilate and increase blood flow.
