Partnership Principles

We dedicate significant resources to providing the purest oils possible. Purity starts on the farm, and we proudly source our essential oils from corporate-owned farms, partner farms, and Seed to Seal-certified suppliers. These locations embrace our Seed to Seal Partnership Principles to help ensure the purity of our products at every point in the supply chain. Young Living believes that authenticity matters. As part of your wellness journey, we invite you to discover how pure, authentic essential oils are the core of who we are.

P	RI	N	CI	Р	LE	= 1

Established Relationships

Our Sourcing and executive teams have been handselecting renowned suppliers of premium botanicals and building relationships with them for decades. We continue to foster and expand these relationships.

PRINCIPLE 2

Seed to Seal Specifications

All farms—whether a partner farm, Seed to Seal-certified supplier, or our very own corporate farms—sign declarations that they will follow our strict Seed to Seal specifications.

PRINCIPLE 3

Binding Agreements

We back up these signed Seed to Seal declarations with legally binding contracts that require our partners to deliver on those declarations.

PRINCIPLE 4

Stringent Testing

We have spent millions of dollars on a state-of-the-art lab with cutting-edge testing instruments, as well as a world-class team of researchers. If this team finds that a supplier's product doesn't meet our demanding standards, it won't reach our warehouse.

PRINCIPLE 5

Ongoing Audits

In addition to testing, Young
Living verifies the quality of our oils via audits of our supply chain members.
Our intricate global sourcing network is designed to bring our members superior products, and we are proud to have implemented an objective audit process.

Celebrating 10 years of service in 2019

The D. Gary Young, Young Living Foundation is committed to empowering individuals to achieve their potential and to defy limitations by providing wellness and education opportunities to underserved communities. This mission has driven the Foundation since it began in 2009 and continues to fuel our efforts as we celebrate 10 years of service.

Our mission is supported by the 100 percent model. Young Living covers the Foundation's administrative costs, so 100 percent of every donation provides direct impact to those in need, and every cent you donate goes to lifting others up.

Our Projects and Partners

This is where the Young Living Foundation began. Young Living Founder D. Gary Young and Co-Founder and CEO Mary Young built the Young Living Academy, Ecuador in 2009. The Young Living Academy now educates 350 students in grades pre-K through 12, with highly successful outcomes. While many children in Ecuador drop out of school by the eighth grade and only 20 percent of local students graduate from high school, the Academy maintains a 97 percent attendance rate, and 100 percent of our seniors have graduated each year!

In 2015 major earthquakes in Nepal claimed nearly 9,000 lives and destroyed more than 900,000 homes, tragically leaving millions without roofs over their heads. Seeing a desperate need, the Young Living Foundation successfully rebuilt the primary school and all the homes in Yarsa, Nepal, a mountain village completely destroyed by these earthquakes. The Foundation will continue to rebuild Nepal as we turn our focus to restoring 16 schools and building two centers for women in another neglected community.

The mission of Hope for Justice is to end human trafficking and modern-day slavery in our generation. The Young Living Foundation is joining the fight by fully funding 10 of Hope for Justice's Lighthouse Centers: five in Ethiopia, three in Uganda, and two in Cambodia. Each Lighthouse Center provides children rescued from slavery or from the streets with a safe place to heal, recover, and learn. The Foundation also funds the Shine Career School in Cambodia, where girls recovering from the trauma of human trafficking receive education and vocational training and are empowered to follow their dreams in a career field of their choice.

Thousands of children and adults in Uganda are victims of parasitic insects called jiggers. Jiggers burrow into an individual's feet and can cause life-threatening infections. Worse still, individuals with jiggers are often bullied and ostracized. One of Sole Hope's primary focuses is to help children and adults become and remain jiggerfree. In January 2019 we opened the Young Living Foundation Hope Center for Sole Hope. This new facility will employ 36 care workers in Uganda and is projected to serve 1,600 patients with severe jigger cases each year.

Healing Faith Uganda provides malaria education, prevention, and treatment to rural villages. In Uganda 42 children die each day from malaria, and it is the leading cause of death on the continent for children under the age of five. With the Young Living Foundation Malaria Center, this organization will be able to provide 80,000 individuals in the surrounding area with access to malaria treatment. With just \$1 USD, Healing Faith can test and treat a child with malaria. We believe no child should die and no parent should lose a child for want of \$1. Every penny counts when it comes to fighting this preventable and curable disease.

Essential Oils?

Lovingly harvested from farm-grown and wildcrafted plants, herbs, and trees, essential oils are concentrated plant extracts obtained by careful steam distillation, cold pressing, or resin tapping. These pure essential oils are far more powerful than the botanicals from which they are extracted. We offer hundreds of single oils, blends, and oil-infused products, each containing the optimal levels of specific, naturally occurring constituents to maximize their potency. Whether you use oils for aromatherapy, personal care, or household solutions, every aspect of daily life can benefit from the incorporation of essential oils!

HOW TO USE ESSENTIAL OILS

AROMATICALLY

Use essential oils aromatically to uplift the spirit.

- Rub 2-3 drops of essential oil between your palms and inhale.
- Add a few drops of essential oil to a bowl of hot water. Cover your head and bowl with a towel. Breathe deeply and slowly.
- Use your favorite essential oils in our diffusers.

TOPICALLY

Many essential oils are safe and beneficial to use directly on the skin.

 Place 2-3 drops of essential oil directly on the desired area and massage in. Repeat as desired. Always follow the label's dilution instructions.

CAUTION: Essential oils are very potent and may be irritating to the skin. If irritation occurs apply Young Living's V- 6^{TM} Vegetable Oil Complex or any pure vegetable oil to the area to dilute. Citrus-based oils and blends may cause temporary photosensitivity.

INTERNALLY

When taking Young Living Vitality™ oils internally, try these tips:

- Place several drops of oil into a vegetable capsule (see page 67) and swallow with water.
- Add 1-2 drops of essential oil to a glass of water, NingXia Red®, juice, yogurt, your favorite sweetener, or plant-based milk and swallow.
- Add 1-2 drops of oil (to taste) to meals when cooking.

NOTE: Always consult individual product labels for usage directions.
