

Their work keeps us safe. Their needs are our mission.

Spike's K9 Fund is a national 501(c)3 non-profit organization focused on the care and preservation of working dogs. We have assisted K9 Teams in nearly thirty states across the country, and have helped over 300 Dogs through ongoing outreach and events, and we're just getting started!

We aim to ensure every K9 receives exactly what they need to continue their work and to thrive in action and in retirement.

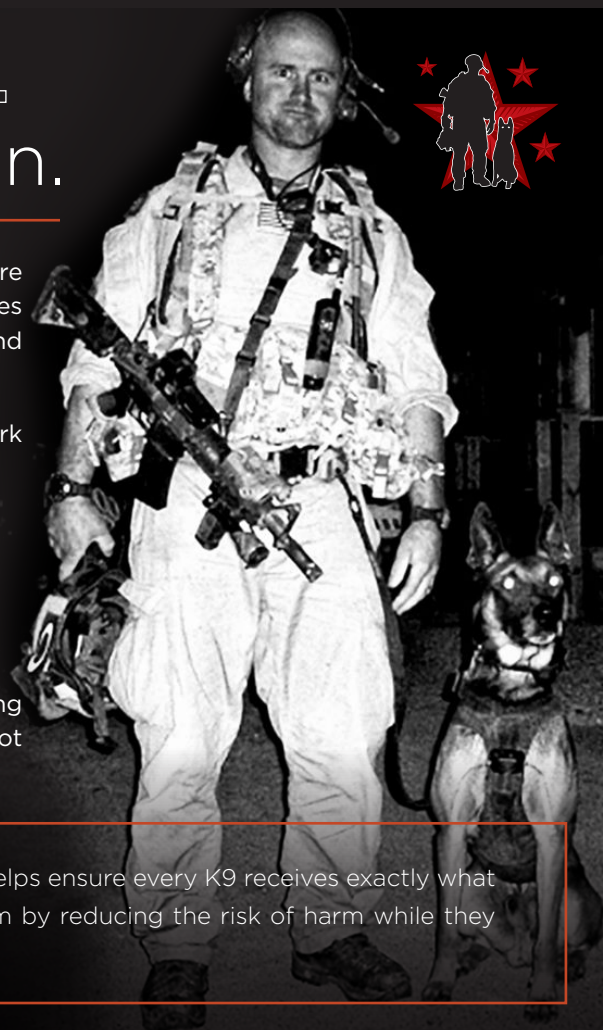

What we do:

- Purchase gear to keep them safer and for peak operation
- Pay for critical medical treatment to help them return to work or live their retirement days in complete health

The Fund's long-term goal is to build and maintain a sanctuary for former working K9s who cannot return to work or who, due to their significant hard-wiring, cannot be re-homed.

YOU CAN HELP

Your support through volunteering, fundraising and donating is critical and helps ensure every K9 receives exactly what they need every time. With your support, they remain an asset to their team by reducing the risk of harm while they work. They need you and so do we. **Join us and make a difference today!**
