**SUBJECT: Alliant Power LUBRIGUARD™ Diesel Fuel Treatment**  
**July 27, 2016**

Alliant Power is pleased to announce the release of LUBRIGUARD to our Diesel Fuel Treatment line. LUBRIGUARD is a highly concentrated lubricating fuel treatment with cetane improver that provides superior fuel system protection for all diesel engines in warm weather environments. LUBRIGUARD has been developed using a unique combination of additives designed to supplement dry fuels that are known to cause premature wear of the fuel system. This diesel fuel treatment is available in three different sizes listed in the table below.

**LUBRIGUARD Benefits:**

- Lubricates Fuel System Reducing Friction & Wear
- Restores Engine Power & Torque
- Improves Fuel Economy
- Increases Cetane for Improved Engine Combustion
- Cleans Internal & External Injector Deposits
- Stabilizes & Extends Fuel Shelf Life
- Removes Water by Demulsification
- Protects Against Fuel System Rust & Corrosion

Alliant Power LUBRIGUARD has been formulated using technologically advanced chemistry designed to protect the most advanced high–pressure common rail diesel fuel systems as well as conventional fuel systems. LUBRIGUARD is alcohol free, compatible with ultra–low sulfur diesel (ULSD), bio–diesel (up to B20), and exhaust aftertreatment emission systems (DPF & SCR).

AP PART NUMBER US	AP PART NUMBER CANADA	SIZE	QUANTITY PER CASE	US GALLONS/ LITERS TREATED
AP0510	AP0523	16 oz (473 mL)	12	125 gal (473L)
AP0511	AP0524	64 oz (1.9L)	6	500 gal (1,900L)
AP0512	AP0525	5 gal (19L)	1	5,000 gal (19,000L)

**Note:** Treatment rate 1:1000
