JOIN Mahindra Group, Deutsche Post DHL, Enel, Stanley Black & Decker, China Light & Power, and Walmart by making one or more of these strategic climate commitments:

ADOPT A SCIENCE-BASED EMISSIONS REDUCTION TARGET

Future-proof growth through setting emissions reduction targets aligned with the Paris Agreement goals and harness benefits including cost savings, risk reduction and increased investor confidence.

The Science Based Targets initiative (SBTi) is a collaboration between CDP, World Resources Institute, the World Wide Fund for Nature and the United Nations Global Compact.

Companies with science-based targets can demonstrate ambitious leadership by pledging to phase out greenhouse gas emissions by January 1, 2050, as part of the Net-Zero by 2050 Initiative. Led by The B Team, in partnership with SBTi.

JOIN THE LOW CARBON TECHNOLOGY PARTNERSHIP INITIATIVE

Collaborate with other industry leaders to help collectively scale up the deployment of low-carbon business solutions and drive innovation, while striving to limit global warming to below 2°C.

LCTPI is led by the World Business Council for Sustainable Development.

RE100: COMMIT TO 100% RENEWABLE POWER

Committing to 100% renewable power, generates many business benefits including improved energy security, better energy cost management and future proofing operations.

RE100 is brought to you by The Climate Group in partnership with CDP.

EP100: COMMIT TO SMART ENERGY USE

Forward-looking companies are seizing the benefits of doubling energy productivity, cutting energy waste and switching to energy-smart buildings.

EP100 is brought to you by The Climate Group in partnership with the Alliance to Save Energy, in association with the World Green Building Council.

EV100: ACCELERATE THE TRANSITION TO EVS

By switching to electric vehicle fleets and investing in charging infrastructure, companies can future-proof their operations, save on fuel and maintenance costs, while gaining a competitive edge with customers and staff.

EV100 is brought to you by The Climate Group.

below50: GROW THE MARKET FOR THE WORLD'S MOST SUSTAINABLE FUELS

Companies can help drive demand for the world's most sustainable fuels and scale up their deployment to drive innovation and accelerate the transition to a carbon-neutral transport sector.

below50 is led by the World Business Council for Sustainable Development.

Everything our group of companies has done to try and improve energy (consumption) or to reduce greenhouse gas emissions has given us a return."
