LIGHTING
CATALOG

Our Heritage

Since 1997, founders John Fearon and James Bassant have shared a passion for British lighting design and a vision to create products with distinctive quality. The insight gained over this time influences our comprehensive range of lighting for hospitality, residential, senior living, and commercial applications. Underpinned by a meticulous attention to detail, each design balances high performance with our commitment to sustainable, timeless design.

Creating a Sustainable Future

Responsible design is about being mindful of the whole lifecycle of our products. From the initial concept through to the end of a luminaire's life. Our three prioritised commitments guide each decision we make and are linked to the UN Global Goals for Sustainable Development.

Net Zero

Committed to going further than carbon neutrality, we are actively reducing emissions across our entire value chain with the aim of becoming a net zero contributor.

Astro Circular

Transforming our approach to design and engineering, we are minimizing our impact on the planet. By adopting circular loops we can reduce, reuse, repair and recycle, extending the lifespan of our products.

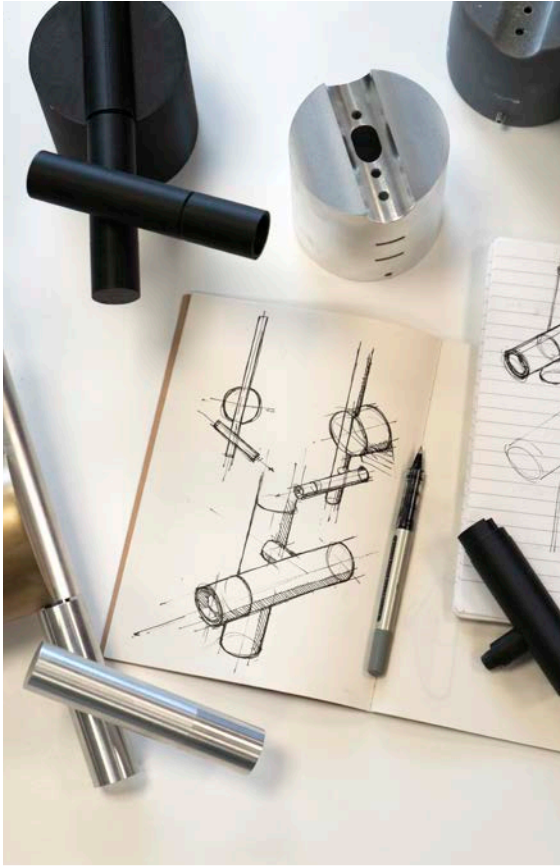

Light For All

Nearly 600 million people across sub-Saharan Africa lack access to light but this can change instantly with a simple solar light. Our partnership with global charity SolarAid, aims to spread awareness of this global energy crisis and support the most remote communities in Malawi and Zambia with clean, safe, solar power.

Find out more

New Products

Modern innovation blends with timeless elegance in our latest collection of contemporary lighting concepts. Featuring complete guest room families and the introduction of PVD Brass and Pressed Ceramic to our coastal products, this collection offers flexible, architecturally inspired luminaires in our distinctive, refined aesthetic.

Fabric Shades

Standard Colours We supply a range of standard fabric shade options to complement our designs. You'll find full details of compatible shades on each of the product pages and on our website.

Special Orders Our fabric shades are available in a variety of additional colours and can be ordered on a special basis with a minimum order quantity of 30 pieces.

*Please note colours may vary from batch to batch

Design Rights

The majority of products shown in this catalogue have been designed by Astro Lighting Limited, which retains the ownership of all design rights.

Astro Lighting has a policy of constant product improvement, and whilst every care has been taken in the production of this catalogue, products supplied may differ in detail from the illustrations, images and descriptions given and therefore these descriptions and illustrations shall not form part of any contract. Details of alterations will be provided on request.

Astro Lighting only use LEDs from the leading manufacturers. Nevertheless, colour temperatures can vary between batches and between manufacturers.
