Additional information about the American Fallen Soldiers Project

The American Fallen Soldiers Project was formed to help provide comfort and healing to the mourning families of our fallen military men and women. With the mission to honor, respect and forever memorialize those who have sacrificed their lives while protecting our freedom, our 501(c)3 non-profit organization makes available to the families, at no cost, an original portrait of their fallen loved one that fully captures their appearance and personality. Each portrait is personally presented at special memorial events across the United States organized to honor our fallen heroes and their families. With the help of American Airlines, each portrait is transported with the utmost dignity and respect, ensuring its safe arrival. Through our service, many grieving families are experiencing new hope and healing upon the delivery of their loved one's portrait.
