

Tell your Albany County Legislator Mary Lou Bartolotta-Connolly *not to break her promise!*

TELL HER TO OPPOSE COUNTY EXECUTIVE DAN MCCOY'S PLAN TO LEASE ALBANY COUNTY NURSING HOME TO A PRIVATE COMPANY!

County Executive Dan McCoy's plan to privatize Albany County Nursing Home is nothing but a knee-jerk solution to problems that were created by mismanagement. The problems aren't our fault—but the consequences of his risky proposal to lease the home will fall on the backs of vulnerable nursing home residents, caregivers and taxpayers.

McCoy's short-term thinking would put our county's historic public nursing home in the hands of a private corporation—a company that has no roots, nor investment other than profit-making, in our community. A company that is not accountable to anyone other than its owners and whose main concern is the financial bottom line.

Mary Lou Bartolotta-Connolly opposed privatization until recently. Then she changed her mind! At whose expense?

The residents of Albany County Nursing Home and the citizens of Albany County have worked hard and paid their taxes knowing that if the situation came up, Albany County Nursing Home would be there for them. It's the obligation of the County Legislature to uphold that promise and not give away the nursing home to a company whose priority is making a buck, rather than our community well-being.

**Call your county legislator
Mary Lou Bartolotta-Connolly at
(518) 456-5927**

**Tell her to keep her commitment
to maintaining a quality *public*
Albany County Nursing Home!**

**Tell her to vote *against* McCoy's
proposal to lease the Albany
County Nursing Home to a
private company.**
