Mission Statement

Parental Involvement Mission Statement (Optional)

Response: Family involvement is a powerful influence on a child's achievement in school. When schools work together with FSDB families to support learning, children are inclined to succeed not only in school, but throughout life. Parents/legal guardians are encouraged to participate as informed partners with school personnel in implementing the Title I school programs in an effort to improve student academic achievement and school

2015-2016 LEA Parental Involvement Adoption Page

Florida School for the Deaf and the Blind:

This policy was adopted by the LEA on 09/29/2015 and will be in effect for the period of one year through 09/29/16. The LEA will distribute this policy to all parents of participating Title I, Part A children on or before 10/29/15.

Jeanne Glidden Prickett 9.29.15
(Signature of Title I Authorized Representative) (Date)

Provide evidence that the LEA PIP was developed with the input of parents and based on the evaluation of the previous year PIP.

Describe the actions the LEA will take to provide coordination, technical assistance, and other support necessary to assist Title I, Part A schools in planning and implementing effective parental involvement activities which build the capacity of parents to improve the academic achievement of their child and overall school performance [Section 1118(a)(2)(B and C) and 1118(e)(1-14)]. Include a description of the process the LEA will use to review the school-level PIP to ensure compliance with all requirements of Section 1118 [34 CFR 200.30(e)]. Include information on how the LEA will provide other reasonable support for parental involvement activities under Section 1118 as parents may request [Section 1118(e)(14)].

Response: The Title I Parent Advisory Team will meet 4-5 times each school year; this parent team will provide valuable input on effective parent involvement activities to improve student achievement, with an emphasis on home-based activities that complement school academic curriculum.

·FSDB Parent Services Department will continue to provide parent activities, classes, and workshops such as parent instruction in ASL (American Sign Language), Braille, Assistive Technology and Orientation and Mobility (O&M). These classes facilitate improved communication between parents and their children. They provide parents with the skills necessary to parent at a greater capacity and with the knowledge needed to complete tasks such as assisting their child with homework.

·Typically a large portion of the parent involvement set aside goes toward reimbursement of travel costs, which enables FSDB parents/legal guardians to attend capacity building meetings. Each year parents on the Title I Parent Advisory Team request that this activity is continued in the next school year. This is one of the most valued means of support for parent involvement activities in the Title I budget.

·The Title I Parent Advisory Team (TIPAT) develops and evaluates the LEA PIP as a whole group. Additional breakout sessions during certain TIPAT meetings enables members from each Title I school to develop and evaluate their own Title I school's PIP (Parent Involvement Plan).

Coordination and Integration

Describe how the LEA will coordinate and integrate parental involvement strategies from Part A of Title I with other federal programs (including but not limited to Head Start, Early Reading First, Even Start, Parents as Teachers, Home Instruction Program for Preschool Youngsters (HIPPPY), Voluntary Pre-Kindergarten, Title I, Part C, Title I, Part D of Title I, Title III, and Title IV, Part A) [Sections 1118 (a)(2)(D) and 1118(e)(4)].

Communication and Accessibility

Describe how the LEA will provide full opportunities for participation in parental involvement activities for all parents (including parents with limited English proficiency, disabilities, and migratory children). Include how the LEA plans to share information related to school and parent programs, meetings, school reports, and other activities in an understandable and uniform format and to the extent practical, in a language parents can understand [Section 1118(e)(5) and 1118(f)].

Response: The main barrier to full participation in parent involvement activities remains constant—parents live all around the state of Florida. They cannot readily attend campus meetings, events, and training due to the distance. FSDB seeks to overcome this barrier by providing funds for travel reimbursement for educational events/training. (Athletic events or other events that do not build capacity but are recreational do not receive reimbursement.)

The FSDB school website provides FSDB families with continuous access to information about opportunities for participation in parental involvement activities.

·Written translations of school communication will be provided to parents with limited English proficiency in their native language. Large-print and Braille versions of written communication are also provided to any parents as needed courtesy of the Braille Production Center.

·In addition to translations of written materials, sign language interpreters and/or Spanish translators will attend Title I part A 'Parent Advisory Team' meetings (as well as other parent meetings) and workshops or training to provide these services as needed.

·Closed captioning, sign language, and Spanish interpreting is also provided for parent meetings when broadcast live on the web.

·The Title I Assistant sets a specific goal of parent attendance at over 58% each Title I Parent Advisory Team meeting (at least 7/12 parent representatives attend). In order to achieve this goal, funds assist parents with travel costs, food is provided at meetings, and the meetings times and days are varied to work around parent schedules.

Discretionary Activities

The LEA parental involvement policy may include additional discretionary activities that the LEA, in consultation with the parents, chooses to undertake to build parents' capacity for involvement in the

		children with hearing loss through school funds and private sponsors. Children served through this program may qualify to attend FSDB at age 3.
4	Private Business Sponsors	Private business sponsorships (coordinated by the Advancement Office staff) have contributed extensively and qualitatively to FSDB programs and will likely do so in the future.
5	Title I part A	Professional development monies disbursed through Title I will provide staff training through Christel Clear Innovations. Christel Reaves will present on Carol Dweck's Growth Mindset. Christel will also present a half day Growth Mindset workshop for Title 1 families.
6	Early Steps	Early Steps is Florida's early intervention system that offers services to eligible infants and toddlers (birth to thirty-six months) with significant delays or a condition likely to result in a developmental delay. This program is funded through IDEA part C, children with vision or hearing loss who are enrolled in Early Steps may qualify to attend FSDB after they turn 3. FSDB partners with the Early Steps program by providing them access to facilities for meetings and by working collaboratively to support prospective FSDB families.

Annual Evaluation

Describe the actions the LEA will take to conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of this parental involvement policy in improving the academic quality of the Title I, Part A schools [Section 1118(a)(2)(E)].

Response: The content and effectiveness of the LEA Parent Involvement Policy in improving the quality of Title I part A schools will be reviewed and discussed during the final meeting of the Title I Parent Advisory Team. Parent suggestions, when feasible, will be incorporated into the LEA Parent Involvement Policy for the following school year. There is a feedback form called "LEA Parent Involvement Plan, Title I Program Evaluation" that parents record their programmatic suggestions or ideas for program changes upon; the Parent Liaison compiles the ideas and adds them to the plan if they are feasible. She consults with the Title I Grant Coordinator first to ensure that leadership is in agreement with the proposed changes.

FSDB Parent Services staff manages many of the activities contained in the Parent Involvement Plan (PIP) such as preparing the travel reimbursements, and confer often with Title I Administrators to ensure effective coordination of services.

Building Capacity

If the LEA plans to implement LEA-wide activities, describe the actions the LEA will take to build the schools' and parents' capacity for strong parental involvement, in order to ensure effective involvement of parents and to support a partnership among the school involved, parents, and the community to improve student academic achievement [Sections 1118(a)(2)(C), 1118(e)(1-14)].

count	Content and Type of Activity	Person Responsible	Anticipated Impact on Student Achievement	Timeline	Evidence of Effectiveness
1	Title I Parent Advisory Team formation	Title I Coordinator	Parent Involvement Factor	New team formed in August of each year	Parent attendance and involvement in Title 1 events and affairs
2	Signed Family-School Compacts	Title I Assistant	Parent Involvement Factor	Compacts formulated & signed at the	Return of Signed Compacts, clarified responsibilities for student

performance.

Involvement of Parents

Describe the actions the LEA will take to involve parents in the following required policies/plans:

- LEA-wide parental involvement policy (PIP)[Section 1118(a)(2)];
- LEA plan [Sections 1112 (c)(H), 1112(d)(1)]; -and
- How the funds reserved for parental involvement will be spent [Section 1118(a)(2)].

Response: The LEA Parent Involvement Plan (PIP) will be developed with parent, teacher, and administrative consultation provided by the Title I Parent Advisory Team. The FSDB Parent Services Department will coordinate and execute PIP components in conjunction with the Title I Grant Coordinator and Title I Assistant.

-The LEA PIP will be evaluated at the end of each school year. The new plan will be developed for the following school year based on this feedback, with the Title I Parent Advisory Team providing meaningful and valid parent consultation.

-The School Improvement Plans (SIP) for each school are developed through extensive consultation with the LEA-wide School Advisory Council (SAC); portions pertaining to Title I are reviewed by the Title I Parent Advisory Team during the school year before the final plan is submitted to FLDOE.

-Title I school plan evaluations are compiled through the use of a feedback form. The forms are collected and reviewed by the Title I Assistant Grant Coordinator. The Assistant Grant Coordinator relays parent feedback to the campus administrators during Title I administrative team meetings and/or email communication.

-How the 1% required set aside for parent involvement activities is spent will be determined during the spring meeting of the Title I Parent Advisory Team.

-The members of the representative parent body, called the Title I Parent Advisory Team, are selected by the Principal or Assistant Principal of each Title I school. Each Title I school has 3 representatives. Since there are 4 Title I schools presently, the Title I Parent Advisory Team has at least 12 members. Other Title I school parents are welcome to attend the meetings as well.

-Minutes are taken at all Title I Parent Advisory Team meetings.
