Mission Statement

Parental Involvement Mission Statement (Optional)

Response: The Gadsden County School Board mission is to support positive family and parent involvement believing that it is essential for student achievement. We encourage parents and community stakeholders to be involved in the educational planning and operations at all community schools.

To further strengthen this partnership, the Gadsden School District has adopted a School

Board approved Family and Parent Involvement Policy as its commitment. Its guiding principles are to involve parents in the decision making process and training programs that will help parents support their individual child at home. Ref. School Policy 2111. Revised 2012

Involvement of Parents

Describe the actions the LEA will take to involve parents in the following required policies/plans:

- LEA-wide parental involvement policy (PIP)[Section 1118(a)(2)];
- LEA plan [Sections 1112 (c)(H), 1112(d)(1)]; and
- How the funds reserved for parental involvement will be spent [Section 1118(a)(2)].

Response: Response: The District Parent Advisory Committee was created by inviting parent representatives from each of the Title I, Part A schools, both public and private, school staff and community stakeholders to serve on the committee. Each Title I school was allowed to submit their parent representatives willing to serve on the District Parent Advisory Committee. The Committee is composed of the School's Advisory Council Chairpersons and parent representation from the PTA, ESE, ESOL and Pre-K. This composition provided a balance of parents, staff and community stakeholders.

At the district level, there is parent representation on the District Parent Advisory Committee from each school. The Committee is composed of the School's Advisory Council Chairpersons and parent representation from the PTA, ESE, ESOL and Pre-K.

All schools receive information on ways to include parents in the school improvement process according to the SAC Florida Statutes and Guidelines. Therefore, a meeting is coordinated quarterly at the district level to allow input from the school's parent representatives. SAC members share this information as they review their specific goals at their monthly meetings.

Parents are invited and encouraged to provide input in the development of all plans related to school improvement. Surveys are distributed and the results are analyzed to review for improvement and to evaluate the district PIP and school needs. The district parent services coordinator inputs these suggestions into the annual district's PIP.

Decisions involving the use of the one percent of Title I funds reserved for parental involvement will be made during the development of School Improvement Plan by principals and district initiatives with input from SAC. Parents of students in Title I schools are involved in the SAC committee. Of this one percent, not less than 95% will be allocated to schools. The Parent Services Coordinator will monitor SAC memberships to ensure that parents are involved in the process and submits each school roster for school board approval.

In reference to the LEA plan, parents are involved in many ways with each part of the plan. In regards to academic assessments and FCIM infusion parents are involved in the

discussions and decisions about assessments through the individual SAC councils while making recommendations of the appropriate interventions necessary to meet their school goals, including FCIM implementation, various after school and home tutoring materials and interventions. Survey input from parents, teachers, and administration are reviewed and considered when developing the K-12 Reading Plan and District intervention plans which are also the basis for the development of the Title II training plan. Early childhood coordination in the LEA plan involves parents by disseminating community resource directories to families via the district Parent Resource Center and Mobile Unit; surveying parents regarding their educational needs; coordinating workshop and in-service activities for families and children; providing family needs assessments; and providing parent resource centers at each school along with a parent liaison, which will provide parent trainings and assistance to parents in the areas of reading and math. Migrant parents receive frequent contact and communication about their needs from the Title I Part C staff. PreK/VPK/Head Start programs involve parent home visits to help determine the needs of both the family and the children and the resulting information from these meetings guide the development of programs and services for these children.

Parent input for school improvement is encouraged through Annual Title I meetings at each of the twelve schools. At the meetings, parents are encouraged to provide written or oral input on school policies, budgets, facilities, school vision, curriculum, extracurricular activities, and any other concerns. Additionally, parent input is gathered through the SAC, PTA, parent workshops, parent surveys and working with parents during student conferences. School Choice options involve parents all through the process by allowing them to select the appropriate choice for their student and provide any input or concerns through surveys. Highly qualified requirements are determined by the district and state requirements but any parent input regarding the quality of their students education or their desire to move students are addressed quickly and to the satisfaction of the parent.

Homeless programs involve parents and families in fully gathering their input and needs to select the appropriate services for them. Parent Expos, workshops, town meetings are constantly surveying parents for input into the development of various plans, policies, applications, and other initiatives through the district. Input for extended learning opportunities is gathered when the school is planning their original schedules and through SAC as they determine appropriate strategies for raising student achievement.

Technical Assistance

Describe the actions the LEA will take to provide coordination, technical assistance, and other support necessary to assist Title I, Part A schools in planning and implementing effective parental involvement activities which build the capacity of parents to improve the academic achievement of their child and overall school performance [Section 1118(a)(2)(B and C) and 1118(e)(1-14)]. Include a description of the process the LEA will use to review the school-level PIP to ensure compliance with all requirements of Section 1118 [34 CFR 200.30(e)]. Include information on how the LEA will provide other reasonable support for parental involvement activities under Section 1118 as parents may request [Section 1118(e)(14)].

Response: The School Board of Gadsden County will provide the following necessary coordination, technical assistance, and other support to assist Title I, Part A schools in planning and implementing effective parental involvement activities to improve student achievement and school performance:

Title I, Part A supports the operation of parent involvement programs through parent liaisons, materials and supplies for parent trainings and other parent involvement activities at the schools and district level.

The Gadsden County School District has a Parent Services Department, which employs an experienced and highly qualified staff consisting of a Parent Services Coordinator, two VISTA Volunteers, two Homeless Specialist, and twelve Parent Liaisons (one Title I per campus). This department assists all Title I schools with distributing district information, academic resources, coordinating communication venues, and technical assistance to parents regarding policies and procedures. Educational support materials are displayed at the Gadsden Family Information Resource Center, and disbursed from the Parent Resource Center and Mobile Unit.

The District's Family Information Resource Center is equipped with computers featuring Florida's Standards Information. This will enable parents to practice instructional techniques, receive quality trainings, and become familiar with instructional methods and strategies being used in the classroom. Also, the District's, student warehouse, web site offers a Parent Portal where students' attendance and academic progress data may be viewed in real-time, ensuring that parents do not have to wait until the 9-week reporting period.

The Gadsden County School Board makes a continuous effort to keep parents and families informed of their choices for quality education for all students. This effort includes the district web site, Skylert messaging system, parent trainings, and informational sessions as well as sending newsletters, flyers, surveys and information home for parent input.

Parent liaisons are informed of the implementation of the FCIM to assist parents in understanding the focus calendar's purpose and to ensure alignment between instruction, remediation and enrichment activities.

The Parent Services Coordinator provides training meetings during progress reports periods or as needed. In addition, the Parent Services Coordinator will provide opportunities for Parent Liaisons and school staff to enhance their abilities to present Parental Involvement information at faculty meetings and to integrate parental involvement into in-service training for school-based personnel. Parent Liaisons are also trained on successful methods to get parents involved in their child's education and schools. Liaisons are made aware of the importance of documenting workshops, trainings and school-wide events involving parents.

Parent Liaison meetings will also serve as the main forum for sharing information on district initiatives and strategies to provide technical assistance to their schools.

Include a description of the process the LEA will use to review the school-level PIP to ensure compliance with all requirements of Section 1118 [34 CFR 200.30(e)].

The Parent Services Coordinator will review each school-level PIP by December and ongoing during meetings with each school's Principal and Parent Liaison to ensure compliance and the activities planned provide meaningful opportunities for parents to become more involved in their child's education. The Parent Services Coordinator shall ensure that the one percent of parent involvement money is linked to strategies in the PIP.

Coordination and Integration

Describe how the LEA will coordinate and integrate parental involvement strategies from Part A of Title I with other federal programs (including but not limited to Head Start, Early Reading First, Even Start, Parents as Teachers, Home Instruction Program for Preschool Youngsters (HIPPPY), Voluntary Pre-

Kindergarten, Title I, Part C, Title I, Part D of Title I, Title III, and Title IV, Part A) [Sections 1118 (a)(2)(D) and 1118(e)(4)].

count	Program	Coordination
1	VPK & Pre K Head Start	The Title I office, Head Start and VPK offices will work together to coordinate transition programs for students entering the regular public school program. Activities include coordinated meetings with parents, VPK teachers, and the Pre-Kindergarten teachers to discuss the specific learning needs of students, and during joint parent meetings to discuss transitioning. Pre-k parents are invited to all school meetings.
2	Individuals with Disabilities Education Act (IDEA)	Supplemental instructional support provided by Title I is discussed with parents during the development of the students IEP. ESE parents are invited, encouraged and included in all parent meetings at the school and district level.
3	Title II	Professional development modules will be provided to schools to support staff training as it relates to parental involvement. The parent liaisons are trained by the district's parent coordinator and staff on methods to effectively use the modules. The Parent Services staff will provide support and monitor the implementation to ensure that training is provided as required. Different Levels of Parental Involvement (DLOPI) will be one of the training methods implemented by Parent Services.
4	ESOL, Migrant & Homeless Education programs	Although some meetings are specific to these programs, every effort is provided to include translation support at meetings for the involvement of Hispanic parents and transportation for Homeless students' parents. Translations are provided on all written correspondence and as a practicable for verbal translations and translations in languages other than Spanish.

Annual Evaluation

Describe the actions the LEA will take to conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of this parental involvement policy in improving the academic quality of the Title I, Part A schools [Section 1118(a)(2)(E)].

Response: The Advisory Committee, consists of representatives (School Advisory Council chairpersons, ESOL, ESE, Pre K and Parent Meeting Officers) selected from each school to provide suggestions throughout the year and during the annual end of the school year meeting for all federal programs. The District Parent Advisory Council (DPAC) convenes at least quarterly to discuss school improvement activities of the district's PIP. These discussions facilitate suggestions, questions, and concerns by each school parent group of representatives and then are shared at their individual school level by the school's parent liaison and parents. The district collects information for future review and insertion in the upcoming year's PIP.

During these quarterly meetings the DPAC will analyze and review the District PIP. By utilizing the Title I Parent Involvement Evaluation Toolkit, the DPAC and LEA staff will develop a plan for evaluating the PIP, this includes modifying surveys from the toolkit to meet the needs of Title I schools in Gadsden County. The survey will be revised, making it more parent-friendly and adding a date for return. The survey will be sent home to parents with their students.

In the spring the DPAC and LEA staff will review the PIP, evaluate its effectiveness, and analyze the surveys that have been returned. The results will be used to develop strategies to help increase effective parent involvement. Survey comments and results are sent to the principals for review. The DPAC and LEA staff will work together to resolve any issues indicated on the surveys.

A parent survey and other suggestions from District Advisory meetings are shared with all federal program coordinators for use in the development of federal grant applications and parent involvement policies/plans. Each school will continue to revise their plan throughout the year, and in some instances this will continue after the completion of the

federal grant and parent policy/plan.

Conversations with parents and other stakeholders are fostered to engage the entire community and businesses. Parents, faculty members, new hires and community stakeholders receive training on parent involvement. During monthly SAC meetings, suggestions are given to the committee and the principal will share with the school faculty.

Building Capacity

If the LEA plans to implement LEA-wide activities, describe the actions the LEA will take to build the schools' and parents' capacity for strong parental involvement, in order to ensure effective involvement of parents and to support a partnership among the school involved, parents, and the community to improve student academic achievement [Sections 1118(a)(2)(C), 1118(e)(1-14)].

Communication and Accessibility

Describe how the LEA will provide full opportunities for participation in parental involvement activities for all parents (including parents with limited English proficiency, disabilities, and migratory children). Include how the LEA plans to share information related to school and parent programs, meetings, school reports, and other activities in an understandable and uniform format and to the extent practical, in a language parents can understand [Section 1118(e)(5) and 1118(f)].

Response: The District will summarize its Parental Involvement Plan into a brochure that will be printed in English and Spanish and provided to all schools to distribute to parents, via backpack, website and parent resource rooms. The brochure will outline the major components of the policy (hard copies will be provided upon request). In addition, hard copies will be available in the school office and the parent resource room at each Title I school. The complete PIP will be posted on the district's website and linked from each Title I school's website.

As practicable, the School Board of Gadsden County with the assistance of its school principals, ESE, ESOL, & Migrant education program supervisors and coordinators will provide to parents information in their native languages (English and Spanish) and/or in an understandable language according to the culture. Information will be shared via written communication and orally through translators. Translators will be available at parent meetings (if needed) and in school offices to provide translation services to ensure that parents are able to fully participate in the education of their child and at parent meetings. The district will ensure every possible avenue to provide the availability of an individual to provide translation services in Spanish at each Title I school if needed. If other languages are needed, schools will send the material to the Title I office where local companies and/or district experts will provide the translations. Parents will be provided Spanish translations and information via the Skylert communication system, newsletters, fliers, phone calls, materials and trainings to help parents work with their children to improve their academic achievement. The English Language Survey results from the communication system and parent liaisons will be used to determine the number and specific needs for translations into a language other than English. The district ESOL and Migrant Coordinators and school personnel will run the Language Survey report at least monthly to determine any changes based on fluctuations in student populations.

Other communication opportunities, to share with parents the information in the PIP, Open House, School Advisory Council meetings, Parent Meetings, literacy training, and usage of technology meetings. Gadsden County School District will foster increased parental involvement by:

A. Hosting district-wide Parent Progress Periods each 9-week grading period, which will offer parents the opportunity to pick up their child's report card, schedule meetings with teachers and gather information critical to their child's success and include these parents especially with all other parents during conferences as a part of the Individual Education Plan (IEP), Academic Improvement Plan (AIP) and Student Learning Plan (SLP).

B. Encouraging classroom volunteers from all programs (i.e. Migrant, Pre K, ESE, & SAC) as parent participants in the school's activities. Survey these parents to find ways they would like to assist by volunteering and or mentoring.

C. Schools will be responsible for providing monthly focus calendars that inform parents of up-to-date information on skills being taught in the schools and specific to their child's needs.

D. Providing the necessary accommodations for parents who are identified with disabilities to ensure that all parents can participate in parental involvement activities. The ESE department and/or Florida Diagnostic and Learning Resource System (FDLRS) will assist. In addition, involve parents in the annual ESE Parent Day activities coordinated with FDLRS and also the Migrant and Hispanic parents in the annual cultural celebration.
