

FLORIDA SCHOOL IMPROVEMENT SUMMIT 2016

Collaborative Conversations: Empowering School Improvement

DoubleTree by Hilton Universal Orlando - 5780 Major Boulevard, Orlando, Florida

Breakout Sessions Key

Session A – Effective Use of Strategic Planning: Performance Management

Investigate structures that support collaborative, data-based problem solving that leads to systemic change. Explore processes and effective protocols that can support and identify actionable steps based upon school and district needs.

Session B – Using Systems-Level Data to Differentiate Support to Schools

Learn how to compile and analyze potential risk factors that affect student achievement and discuss systemic improvement efforts to provide targeted guidance and differentiated support to schools.

Session C – Analyzing FSA Data: Targeting the Individual Learner

Explore the four ways to demonstrate a learning gain and the meaning of a scale score point. Participants will run an interactive grade simulation to analyze what a school would need to do to determine data targets to increase their grade in 2016-17.

Session D – Revisiting Standards and the Learning of Students: Improving the Work of ALL Adults Who Serve Them

Participants will learn a comprehensive model of fundamental practices for standards-based districts and schools, engage in discussions about their role as leaders in the implementation, and set the stage for developing an ongoing community of practice.

Session E – Graduation: Are we REALLY Prepared?

Examine current structures, practices and systems in place that promote graduation. Strategies that provide impactful interventions and increase the likelihood of students graduating on time will be examined, and leaders will leave with planning tools that can assist in developing a framework of support for schools.

Session F – Panel on Successful Turnaround Strategies

Interact with leaders who have implemented successful strategies for school improvement. What are the lessons learned from the barriers they encountered? How did they align efforts and engage all of their staff in pursuit of their goals?

Three distinguished panels will each provide a unique perspective on the topic, offered at different times during the Summit:

- Breakout Session Block 1- Panel of superintendents
- Breakout Session Block 3- Panel of district turnaround leaders/specialists
- Breakout Session Block 4- Panel of SIG and turnaround principals

Monday, July 18
