Mission Statement

Parental Involvement Mission Statement (Optional)

Response: C.W. Norton Elementary encourages parents and families to be actively involved in their children's learning and school activities which will promote student success.

Involvement of Parents

Describe how the school will involve parents in an organized, ongoing, and timely manner, in the planning, review, and improvement of Title I programs including involvement in the decisions regarding how funds for parental involvement will be used [Sections 1118(c)(3), 1114(b)(2), and 1118(a)(2)(B)].

Response: All parents were asked to complete a "Climate Survey" to give input on how the school is meeting their children's needs and asks for suggestions on how to improve the quality of their child's education and social needs. This information is shared at School Advisory Council (S.A.C.) meetings, which are advertised and open to the public. Using this information with a parent survey, staff surveys and feedback on past parent workshops, a new Title I Parent Involvement Plan and a School Improvement Plan are developed and shared. As workshops are offered during the school year, parents provide feedback on the effectiveness of the programs and are asked to give suggestions on how the school can further assist in helping their child be more successful.

In addition, parents are invited to participate in PTA and SAC meetings which are advertised on the marquee, school newsletter and website. The SAC consists of school staff, community and parent members and has the responsibility for the development, implementation, and evaluation of the School Improvement Plan. Each April, parents may nominate (or self nominate) a parent to serve on the upcoming School Advisory Council. In May, parents vote for three representatives from their peers to serve and be a voting member for the upcoming school year.
