

Putnam County School District

# C. H. Price Middle School

2017-18 School Improvement Plan

## C. H. Price Middle School

140 N COUNTY ROAD 315, Interlachen, FL 32148

price.putnamschools.org

### School Demographics

<b>School Type and Grades Served</b> (per MSID File)	<b>2016-17 Title I School</b>	<b>2016-17 Economically Disadvantaged (FRL) Rate</b> (As Reported on Survey 3)
Middle School 6-8	Yes	100%
<b>Primary Service Type</b> (per MSID File)	<b>Charter School</b>	<b>2016-17 Minority Rate</b> (Reported as Non-white on Survey 2)
K-12 General Education	No	33%

### School Grades History

Year	2016-17	2015-16	2014-15	2013-14
Grade	D	D	C*	C

*\*Informational Baseline School Grade*

**Note:** The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

### School Board Approval

This plan is pending approval by the Putnam County School Board.

### SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district that has a school grade of D or F.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F (see page 4). For schools receiving a grade of A, B, or C, the district may opt to require a SIP using a template of its choosing.

This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at <https://www.floridacims.org>.

---

## Table of Contents

---

<b>Purpose and Outline of the SIP</b>	<b>4</b>
<b>Differentiated Accountability</b>	<b>5</b>
<b>Current School Status</b>	<b>6</b>
Supportive Environment	6
Family and Community Engagement	8
Effective Leadership	9
Public and Collaborative Teaching	13
Ambitious Instruction and Learning	14
<b>8-Step Planning and Problem Solving Implementation</b>	<b>18</b>
Goals Summary	18
Goals Detail	18
Action Plan for Improvement	20
<b>Appendix 1: Implementation Timeline</b>	<b>28</b>
<b>Appendix 2: Professional Development and Technical Assistance Outlines</b>	<b>29</b>
Professional Development Opportunities	29
Technical Assistance Items	30
<b>Appendix 3: Budget to Support Goals</b>	<b>30</b>

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

### Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

### Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

### Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

### Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

## Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

### DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

### DA Categories

At the start of each academic year, traditional schools are classified for DA support in two categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- **Not in DA** - A school with a current school grade of A, B, or C; charter schools; and ungraded schools.
- **Targeted Support and Improvement** - A school with a current school grade of an initial D.
- **Comprehensive Support and Improvement** - A school with a current school grade of F or two consecutive grades of D, or a high school with a graduation rate of 67 percent or less in the most recent data release.

### DA Turnaround Status

Additionally, Comprehensive Support and Improvement schools have a turnaround status of "Implementing," based on a school's grades history, including the current school grade:

- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

### 2017-18 DA Category and Statuses for C. H. Price Middle School

DA Region and RED	DA Category and Turnaround Status

## I. Part I: Current School Status

### A. Supportive Environment

#### 1. School Mission and Vision

##### a. Provide the school's mission statement

The mission statement at C.H. Price Middle School is: As a Razorback community, we will inspire and challenge every student to think, to learn, to achieve, to care, and to become a successful and responsible citizen.

##### b. Provide the school's vision statement

Our vision at C.H. Price Middle School is to provide a safe, caring, and stimulating learning environment for all students that is nurtured by a clearly communicated professional culture that is based on high expectations for our personal and professional behaviors.

#### 2. School Environment

##### a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

This year we are sharing demographical data with all of our faculty and staff regarding our students. We will also share research associated with students that fall under the categories discussed. We offer parent nights and open house where we can meet our parents and our students. Some teachers do student interest surveys to gather information to become more familiar with their students. Student cum folders provide a wealth of information to the teachers. We do gather information and learn about students that may be in project praise. Many teachers learn about the students and build those relationships through all the after school clubs and activities we provide. Our school counselors will communicate the needs of specific students in a timely manner so teachers can differentiate their instruction to meet the needs of each student. These opportunities offer the chance for teachers and students to build relationships outside of the classroom. We have incorporated a "mentoring" time once a month. Teachers discuss topics of interest with students and are available to help students with grades, behavior issues, and problems. We have also had all employees participate in a book study, *The Carpenter*, which focuses on being the best person you can be and serving others with care and love. This encourages a culture of caring about individuals and providing the best instruction in a positive way.

##### b. Describe how the school creates an environment where students feel safe and respected before, during and after school

Teachers supervise before, during, and after school while students are transitioning. We have a SRO who provides a feeling of security to our students. The SRO is available for students to come to at any time. Teachers are in the hallways between classes to not only supervise but to be available to students. . Students feel that they can come to the office or to any adult and share concerns that will be delivered to the correct person. We do a school wide review of rules and procedures through grade level assemblies and classroom power points. We practice all of the different procedures for different code drills. Students have a counselor that they can come and talk with and an adult in the clinic if they are sick. Muster stations are set up so if there is a fire during lunches, students and teachers know where to go so that everyone is accounted for that class. There are cameras on buses and on site to help monitor what is happening around the school. We put in gates by the front office that help ensure that all visitors have to come through the front office instead of just walking onto

campus. We have also assigned each student a "mentor" he or she meets with daily to discuss any issues or problems.

**c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced**

We have established the following protocols / procedures that will ensure distractions are minimized so that students can remain engaged during instruction.

\*\*We use the MTSS process.

\*\*School wide review of norms, rules and procedures.

\*\*School wide Behavior intervention form that is used and has steps for each teacher to follow when a student is not adhering to school wide behavior expectations.

\*\*We have a school wide list of basic rules that are to be followed campus wide.

\*\*Our PBIS plan focused on motivation and rewarding positive behavior.

\*\*We offer special programs and dances as a reward to those students that are successful academically and behaviorally.

\*\*We have an in-school suspension class that students are assigned to. This is an alternative to out of school suspension in order to allow students the opportunity to complete their work.

\*\*School wide motto: TEAM (Treat others with respect. Exercise control. Act appropriately, Make responsible choices.)

**d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services**

After school clubs and activities are offered to allow that social growth that students need. Counseling is provided from our school counselor. Stewart Marchmen provides counseling for students with special needs and anger management. We have a school psychologist that serves our school. Project Praise is a program that helps students that may need additional social/emotional needs.

We have built a "mentoring" session into our schedule when students meet with their mentors to learn about conflict resolution and/or character. They can also confide in their mentor when needed.

We have a very active FFA club. This club builds leadership and responsibility in students.

We have a "Check and Connect" program. Mentors receive training and work one on one with students that may need extra support in order to be successful.

### 3. Early Warning Systems

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(7)(A)(i) and (b)(7)(A)(iii)(III).

**a. Describe the school's early warning system and provide a list of the early warning indicators used in the system**

Students that are more than 5 days absent are required to bring in a doctor's note. We also have MTSS attendance meetings with the student and parent every nine weeks if the student has 5 or more absences. At the meeting we establish interventions. The truancy officer is called to meet with parents when a student has 15 absences in a nine week period. For students who are having behavior issues, we have instituted a PBIS plan in which there are school wide expectations and consequences/rewards attached to specific behaviors. Students who failed a course the previous year are provided the opportunity to do academic recovery and some retake a course with a different teacher. Students with a score of Level one in reading/math are placed in a reading/math intervention class. We have consulted with our county MTSS coordinator to provide resources for our math teachers who remediate their below grade level math students. Our district math coach also meets

with our math teachers to plan for differentiation. Our district reading coach works closely to plan with our intervention teachers.

**b. Provide the following data related to the school's early warning system**

**1. The number of students by grade level that exhibit each early warning indicator:**

Indicator	Grade Level												Total	
	K	1	2	3	4	5	6	7	8	9	10	11		12
Attendance below 90 percent	0	0	0	0	0	0	73	56	71	0	0	0	0	200
One or more suspensions	0	0	0	0	0	0	22	56	59	0	0	0	0	137
Course failure in ELA or Math	0	0	0	0	0	0	29	43	31	0	0	0	0	103
Level 1 on statewide assessment	0	0	0	0	0	0	96	110	93	0	0	0	0	299
	0	0	0	0	0	0	0	0	0	0	0	0	0	

**The number of students identified by the system as exhibiting two or more early warning indicators:**

Indicator	Grade Level												Total	
	K	1	2	3	4	5	6	7	8	9	10	11		12
Students exhibiting two or more indicators	0	0	0	0	0	0	37	40	39	0	0	0	0	116

**c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system**

We offer Intensive Reading and Math to all of our below grade level students according to FSA results.

We are offering the I-Ready Math and Reading Program to all students to challenge students at their instructional level.

We offer the opportunity for students to use Odyssey, an academic recovery program to re-do a course to earn the credit for that class.

Students are put on behavior intervention plans to help decrease the amount of referrals and discipline issues students have.

CH Price Middle School has implemented a Positive Behavior Support program to help students understand their expectations, rewards, and consequences for behaviors exhibited.

We have an "Opportunity Class" for students that need an alternate location to do their work due to their behavior.

We meet with parents and determine a plan to encourage/help increase students' attendance.

C.H. Price has received a grant program entitled Check and Connect that incorporates one on one mentoring with students that would benefit from social emotional support in order to be successful.

We have a monthly incentive to reward students for various achievements including

**B. Family and Community Engagement**

The school's response to this section may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(2) and (b)(7)(A)(iii)(I).

**1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress**

**a. Will the school use its Title I Parent and Family Engagement Policy (PFEP) to satisfy this question?**

Yes

**1. PFEP Link**

The school completes a Parental Involvement Plan (PFEP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/443529>.

**2. Description**

A PIP has been uploaded for this school or district - see the link above.

**2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement**

Price Middle School works diligently to work with our business partners. There are many groups that help our school. The Kiwanis provide school supplies as well as food for our BUGS dinners. The Interlachen Town Council offers a Student of the Month Program. Interlachen First Baptist Church provides school supplies to needy students. The Health dept. provided flu mist free of charge for students whose parents are interested. The University of Florida Master Gardener's donate a large portion of time and labor to our Ag/FFA program. Several other businesses have donated to our school, Wiley's Nursery, ACE hardware, Hitchcock's, Cowart's food market and. Hitchcock allows our students to sell items in front of the store to raise money for various clubs and organizations. We are creating an active SAC so our parents can become involved in our school.

**C. Effective Leadership**

**1. School Leadership Team**

**a. Membership**

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Higginbotham, Mechele	Principal
Stout, Kristen	Guidance Counselor
Williams, Tammie	Dean
Haengel, Ted	Assistant Principal
Buquo, Melissa	Guidance Counselor
Carnes, Joanie	Dean
Barnard, Katherine	Teacher, K-12
Okesson, Bobbi	Teacher, K-12
Horton, Julie	Teacher, K-12

**b. Duties**

**1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making**

The school leadership team consist of the administration (Principal and Asst. Principal), school counselors, deans, CRT, and lead teachers from each grade level. This team works closely together to address all academic, behavioral, and emotional needs of our students. The team is constantly

looking at data to determine the best strategies/plans to ensure success with all of our students. Each person on this team works with teachers and staff to provide all of the help they need. This team also meets regularly with the grade level and content area teachers in small groups to discuss the needs of the students and the school. Decisions are then made based on the information collected from all faculty and staff.

**2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact**

Price Middle School will use the following data to gather information for implementation and monitoring of the MTSS and SIP: FSA, Performance Matters, I-Ready diagnostic data, and classroom data. We will also use I-Ready data to monitor our below grade level reading students. Our Math students will use IXL online and I-Ready Math in order for us to monitor their Math skills. The District MTSS coordinator as well as Ms. Carnes, our dean, has provided training to all teachers to help ensure that they understand the MTSS process. All students will be using the I-Ready program to challenge students at all academic levels.

Title I. Part A. Programs are coordinated through the Curriculum/Instruction/Assessment department at the district level and include the Assistant Superintendent and personnel from ESE, MTSS, ESOL, PBIS and School Improvement (Federal Programs). This team meets monthly (at a minimum) and establishes and monitors program evaluation for all schools to ensure entitlement programs' resources are available and fully implemented at each school site and that all funds are used effectively and efficiently as possible. School sites have the responsibility of keeping an inventory of resources purchased with Title I. Communication throughout the year is ongoing with the building level administrators regarding progress toward the goals and objectives as stated in the grants.

Coordination of these services is done in the following ways:

- (1) Principal and Assistant Principal meetings are scheduled monthly;
- (2) Teachers created a SMART goal that will focus on a strategy that will directly correlate with student achievement.
- (3) Progress monitoring assessments are completed every four weeks. to determine how effectively each teacher is reaching his/her goal. Revisions in objectives or instructional strategies are addressed and implemented to meet the needs of all students;
- (4) Email dissemination regarding school improvement, technical assistance, and data guidance are made available to school leaders;
- (5) All schools participate in an Instructional Review to identify individual school needs and desired support;
- (6) Support for schools is differentiated based on each school's current academic performance, teacher quality, leadership experience, and supportive environment;
- (7) Collaborative assistance is provided by consultants hired to address specific deficiencies demonstrated by participating schools through assessment analysis;
- (8) Professional development and support is coordinated with school leaders and provided by School Improvement Specialists and the Curriculum/Instruction/Assessment department on topics including lesson planning, instructional practices, resources, and problem solving.

Title I, Part C. In addition to the services provided by Title I, Part A, the district uses Part C funds to improve the academic achievement of the school's migratory children. Title I, Part C initiatives are coordinated by the Curriculum/Instruction/Assessment department, Federal Programs, and Exceptional Student Education.

Title I, Part D. In addition to the services provided by Title I, Part A, the district maintains collaborative

and partner-like relationships with Family Medical and Dental Services and Putnam Health to serve homeless, neglected, and delinquent students by providing health services. The District partners with the Department of Juvenile Justice and Putnam County Sheriff's Department to target delinquent students and provide mentoring and counseling services that foster relationships and provide supplemental support services. Funds are also utilized to provide services at the district's Solutions Center (Alternative Center).

Title II. Part A. The Title II Project Director meets with Curriculum/Instruction/Assessment personnel as well as the directors of Title I and Title VI to ensure coordination and alignment of activities and fiscal support. At the district level, content coach positions in ELA, Math, and Science are funded as resource support for schools and teachers. Funds are also utilized to provide professional development for teachers and administrators at the district level. Funds are allocated at each school site to support professional development specific to the needs of the teachers as determined by the needs of their students.

Title III. The Title III Coordinator supports our English Language Learner (ELL) population by coordinating with schools to provide professional development opportunities for teachers, tutoring assistance for students based on need, after school programs for parents and students, and supplemental materials. In addition, a teaching assistant position is funded at Crescent City High School.

Title VI. Part B. The Title VI Project Director meets with Curriculum/Instruction/Assessment personnel as well as the directors of Title I and Title II to ensure coordination and alignment of activities and fiscal support. Funds are utilized to provide professional development for teachers to improve standards-based instruction. At the secondary level, funds are also utilized to provide credit recovery and tutoring for students to pass Florida EOC exams.

Nutrition Programs. Each student in Putnam County is provided free breakfast and lunch through the Community Eligibility Provision Program (CEP).

Adult Education. Adult education is available at Saint Johns River State College through a collaboration with Workforce.

Housing Programs. The district has a working relationship with the Putnam County Public Housing Authority. The authority supports the district by encouraging parents to participate in parental involvement designed to increase student achievement.

Violence Prevention Programs. The district works collaboratively with the Department of Juvenile Justice to provide support to students in need of behavioral interventions within and/or outside the school day.

Career and Technical Education. The Career and Technical Education (CTE) department works closely with students and business partners to provide each student the opportunity to leave high school as a highly skilled graduate with the skills necessary to thrive in current and future careers.

## 2. School Advisory Council (SAC)

### a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Julie Horton	Teacher
Kristen Stout	Teacher
Irene Koenig	Business/Community
Melissa Buquo	Teacher
Kayla Richards	Parent
Barbara Scott	Parent
Felicia Walker	Parent
Melissa Graham	Parent
Sandy Hardcopf	Parent
Kristin Flynn	Parent
Mechele Higginbotham	Principal

### b. Duties

#### **1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes**

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(2).

##### *a. Evaluation of last year's school improvement plan*

Last year's School Improvement Plan was reviewed. Our data was discussed. We also discussed our new goal for this year.

##### *b. Development of this school improvement plan*

The SAC team reviewed the plan and provided input and comments on areas that they felt needed to be addressed. A team of administrators and teachers worked together to develop this year's plan. The plan was based on data from each content area that was represented on the FSA and/or EOC exams.

##### *c. Preparation of the school's annual budget and plan*

The principal and assistant principal sit down with the school bookkeeper to review the budget and determine the best use of money for the current school year. We also looked at our Title 1 funds to assure that they are used for student achievement.

#### **2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project**

#### **3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC**

Yes

##### *a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements*

At this time, the SAC team does not always meet compliance because many times we do not have enough people in attendance to meet a quorum. We also do not always have the correct members present, although we have the correct people on the SAC team, they are not always in attendance.

### **3. Literacy Leadership Team (LLT)**

### a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Wilburn, Tisha	Instructional Coach
Haengel, Ted	Assistant Principal
Carnes, Joanie	Dean
Williams, Tammie	Dean
Higginbotham, Mechele	Principal

### b. Duties

#### 1. Describe how the LLT or similar group promotes literacy within the school, if applicable

Literacy is promoted throughout the school by the following methods:

We offer rewards for students who read all of the Sunshine State books. We also have an end of the year luncheon to honor and recognize all students who have read more than 1 million words (teachers are also honored). Students who reach certain goals on AR are rewarded throughout the year for reaching certain goals. We offer a Bingo for Books night so families can come and play bingo and win books for the whole family. All teachers have classroom libraries so books are readily available to students on a daily basis. All Language Arts teachers have a class set of Sunshine State Readers. We also offer class sets of books to teachers to do book studies in their classes. We also participate in Celebrate Literacy Week (activities are still being planned).

All students take an I-Ready diagnostic exam that allows teachers to target instruction to their specific needs.

## D. Public and Collaborative Teaching

The school's responses to this section may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(7)(A)(iii)(IV).

### 1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

We have created a master schedule that allows teachers that teach the same content to have the same planning period during the day. We have also scheduled all of our meetings on Tuesday so that teachers can plan their time effectively. We have weekly and monthly PLC's that are based on data and teacher needs. PLC's are divided by grade level and content. The district curriculum resource teacher offers monthly professional development in areas that are directly linked to issues teachers are having.

### 2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

When positions are available they are posted through Human Resources and then the school goes through a selection process to screen the applicants. The school strives to only interview and consider teachers/staff that are Highly Qualified. In order to retain highly qualified teachers, we provide mentorships with new teachers and offer support to teachers. We provide professional development relevant to the teachers to ensure that they are receiving the development they need in their content areas.

### 3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

New teachers are paired with a Highly Qualified teacher in the same or similar field of education. The mentors work diligently in providing school and academic information to the new teacher. They help with lesson plans, best practices, instructional strategies and classroom management. Although all teachers are not chosen to be a mentor or do not have the training to be a mentor, many teachers work to assist the new teacher in any way he/she can. Mentors are equipped with a plan and checklist that hold both the mentor and teacher accountable for implementing the program effectively.

## E. Ambitious Instruction and Learning

### 1. Instructional Programs and Strategies

#### a. Instructional Programs

##### **1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards**

Textbooks are selected from the statewide list. We are providing standards based instruction and teachers refer to CPalms and use the Florida State Standards to drive the instruction in their classes. Marzano (iobservation) is used to monitor the instruction in classes. An emphasis is being placed on rigorous lessons that are on grade level. We use district pacing guides and monitor lesson plans. Teachers refer to Florida item specs to help create assessments for their students. Teachers are using Engage NY as a resource to instruct the math Florida State Standards. Formative assessments are used to evaluate the effectiveness of the instruction. Teachers also use technology to increase engagement and rigor in their lessons. Science teachers are using Performance Matters assessments to collect data on their students proficiency of standards taught. Each student is assigned I-Ready for reading and math to help increase proficiency by providing instruction on each individual level.

#### b. Instructional Strategies

##### **1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments**

Teachers are beginning to use common formative assessments to determine where students are at and how to differentiate instruction in the classroom. Content Area PLC's are scheduled monthly that give the teachers the opportunity to collaborate on both the assessments given and the results. Teachers are using Learning Focused to create lesson plans that are focused on Florida State Standards and the scaffolding of information to meet the needs of the students. Teachers will formatively assess students to see how much background knowledge students have. These will allow teachers to make their lessons more productive and meaningful. Teachers are looking for the mastery of standards. Weekly PLC's are being held that offer teachers a set time to look at their data and their teaching strategies to determine how they should remediate or offer enrichment to their students. Teachers use I-Ready diagnostic data as well as I-Ready data from weekly assignments and performance matters as a tool to analyze FSA data. They are able to analyze content strands, look at student growth, and progress monitor.

Common planning time is used to discuss remediation of students and strategies to help with remediation. Our Math teachers are using MFAS task to monitor where their students are and also to determine groups in their classes.

Below grade level students are put in Intensive reading and math classes to get additional instruction.

##### **2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:**

**Strategy:** Summer Program

**Minutes added to school year:**

The district provided all teachers with a one day professional development before pre-planning began. Teachers met in content area meetings both in school and district wide. They were able to collaborate on lesson plans as well as disaggregate last year's FSA/EOC data. Teachers new to this district were given three days of professional development to prepare them for a successful year of teaching in Putnam County.

**Strategy Rationale**

In an effort to strengthen core instruction and focus on teaching, these teachers were provided with resources and training that would help build both rigor and engagement in their classrooms.

**Strategy Purpose(s)**

- Teacher collaboration, planning and professional development

**Person(s) responsible for monitoring implementation of the strategy**

**Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy**

FSA, EOC, I-Ready, and Performance Matters data will be used to determine student growth. Classroom grades will also be used as well as mid-term and report card grades. Each teacher created a SMART goal and will monitor student achievement to determine if their goals are being met. School administrators will monitor the implementation of the Learning Focused Framework using observational data. Administrators will also monitor teachers' goals and Marzano's Professional Development Plan. Student achievement data will also be used to determine effectiveness. The number of students showing progress and/or showing deficits will be calculated on a quarterly basis.

**2. Student Transition and Readiness**

**a. PreK-12 Transition**

The school's response to this question may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(7)(A)(iii)(V).

**1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another**

We provide 5th/6th grade articulation meetings for teachers. All of our incoming 5th graders are provided the opportunity to come and tour the school and learn about the school prior to the end of their 5th grade year. 6th graders are also invited to an Open House before school starts to learn about our school and become familiar with our campus and teachers. We also provide a first parent night in the spring for our incoming 5th graders to learn about the school. Our 8th graders complete the epep. The high school counselors come and work with the 8th graders on their schedules. Different clubs and coaches come from the high school to share information with the 8th graders. The 8th graders also have the opportunity to attend a parent night at the high school to get information about their new school.

**b. College and Career Readiness**

**1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations**

Students are able to choose electives when they register for classes based on their interest. The ePep is completed by the students. We encourage 8th graders to participate in classes that will provide a high school credit. Some students take FLVS classes which helps them to advance in their credits. Our standards based instruction follows the plan for college and career readiness. Students are placed in classes by hand scheduling each student. Each student's data is reviewed. Their interest in electives is also reviewed before scheduling him or her. Each schedule is created for each student and his or her individual needs and interests.

We have initiated an accelerated program in which students take advanced classes in order to leave 8th grade with many high school credits (algebra, biology, business computers, agriscience). Students in this track will be able to start taking college courses in 11th grade.

## **2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs**

Interest inventories are conducted in business classes to help students determine their high school track. We provide business and Ag. courses that are a high school credit for 8th graders. We offer Algebra 1 and Language Arts 1 (ninth grade). Although it is not a technical or career class, we also offer Personal Fitness which is a high school credit to some 8th grade students. We also offer keyboarding classes for our sixth graders.

## **3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement**

Our reading intervention classes include a career spotlight where students learn about real life experiences. Our Agriculture class introduces students to Agriscience and the various occupations related to agriculture and farming. We currently have a keyboarding class in sixth grade. We have a technology class in 7th grade. Our 8th grade class is business computers which is a high school credit and prepares students to utilize technology to create resumes, power points, etc.

## **4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes**

## **II. Needs Assessment**

The school's completion of this part may address the requirements of ESSA, P.L. No. 114-95, § 1114(b)(6).

### **A. Problem Identification**

#### **1. Data to Support Problem Identification**

##### **b. Data Uploads**

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

*No files were uploaded*

#### **2. Problem Identification Summary**

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

## **B. Problem Analysis Summary**

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why"? or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

## **C. Strategic Goals**

## School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

### Problem Solving Key

**G** = Goal

**B** =  
Barrier

**S** = Strategy

**1** = Problem Solving Step     S123456 = Quick Key

## Strategic Goals Summary

- G1.** The leadership team at C. H. Price Middle School will implement wrap-around services and academic support structures for students and professional learning for teachers to increase engagement in school, the quality of classroom instruction, and student achievement.

## Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., “SMART goals”), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

**G1.** The leadership team at C. H. Price Middle School will implement wrap-around services and academic support structures for students and professional learning for teachers to increase engagement in school, the quality of classroom instruction, and student achievement. 1a

G098148

**Targets Supported** 1b

Indicator	Annual Target
Attendance Below 90%	30.0
FSA ELA Achievement	32.0
FSA Mathematics Achievement	34.0
Statewide Science Assessment Achievement	43.0
Civics EOC Pass	73.0

**Targeted Barriers to Achieving the Goal** 3

- Our school has limited funding to purchase supplemental resources and personnel for academic intervention and acceleration.
- There is a need for professional development that focuses on leadership and instructional practices required to achieve high academic standards.
- Student chronic absenteeism is a barrier to achievement.

**Resources Available to Help Reduce or Eliminate the Barriers** 2

- Provide bus routes for families that require transportation.
- Students will serve less out of school suspensions and increase their days in in-school suspension to increase their academic time.
- Parent can sign up for Parent Portal to see what assignments their child is missing. Teachers are using the Canvas website to assign work so students can log on and make up work.
- A monthly incentive will be offered to all students that have been absent less than 2 days a month.

**Plan to Monitor Progress Toward G1.** 8

Classroom data, Performance Matters Data, and I-Ready Data will be collected to determine the correlation between attendance and academic success.

**Person Responsible**

Ted Haengel

**Schedule**

Monthly, from 8/10/2017 to 5/31/2018

**Evidence of Completion**

Classroom data, Performance Matters Data, and I-Ready Data will be collected.

## Action Plan for Improvement

*For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.*

### Problem Solving Key

**G** = Goal                      **B** =  
   Barrier                      **S** = Strategy

 = Problem Solving Step     S123456 = Quick Key

**G1.** The leadership team at C. H. Price Middle School will implement wrap-around services and academic support structures for students and professional learning for teachers to increase engagement in school, the quality of classroom instruction, and student achievement. **1**

 G098148

**G1.B1** Our school has limited funding to purchase supplemental resources and personnel for academic intervention and acceleration. **2**

 B263997

**G1.B1.S1** Implement supplemental resources and personnel to improve student access to intervention and acceleration curriculum and programs. **4**

 S279634

### Strategy Rationale

We currently have a large number of students entering their grade level with a Level 1 in FSA Math and/or Reading. Hiring additional intervention teachers and paraprofessionals will allow for more sections of intervention and individualized/small group instruction.

### Action Step 1 **5**

Hire two intervention teachers at Price Middle to support additional sections of intervention classes.

#### Person Responsible

Mechele Higginbotham

#### Schedule

On 8/31/2018

#### Evidence of Completion

Personnel by position document.

### Action Step 2 **5**

Create a master schedule that provides intervention classes for all level one reading and math students.

#### Person Responsible

Mechele Higginbotham

#### Schedule

On 5/25/2018

#### Evidence of Completion

Individual student schedules

### Action Step 3 5

Post and hire one additional paraprofessional position at Price Middle to support intervention classes.

**Person Responsible**

Mechele Higginbotham

**Schedule**

On 8/31/2018

***Evidence of Completion***

Personnel by position document

### Action Step 4 5

Purchase and implement new instructional programs and materials at Price Middle to support students in intervention and acceleration courses for ELA, intensive reading, and science.

**Person Responsible**

Mechele Higginbotham

**Schedule**

On 8/31/2018

***Evidence of Completion***

Purchase orders

### Plan to Monitor Fidelity of Implementation of G1.B1.S1 6

Student data will be collected and analyzed on a biweekly basis to determine if intervention strategies in the classroom are effective.

**Person Responsible**

Tisha Wilburn

**Schedule**

Biweekly, from 9/15/2017 to 5/25/2018

***Evidence of Completion***

lesson plans, I-Ready data, formative assessment, standards based assessments

**Plan to Monitor Effectiveness of Implementation of G1.B1.S1** 7

Student data and grades will be reviewed each quarter.

**Person Responsible**

Ted Haengel

**Schedule**

Quarterly, from 9/15/2017 to 5/25/2018

***Evidence of Completion***

Report cards, standards based assessments

**G1.B2** There is a need for professional development that focuses on leadership and instructional practices required to achieve high academic standards. 2

B263998

**G1.B2.S1** Provide professional learning opportunities that train leaders, coaches, teachers, and paraprofessionals with the skills and competencies they need to increase student achievement and the overall success of their schools. 4

S279635

### Strategy Rationale

Federal and district funds for professional development are on the decline and schools are constantly retraining due to high staff turnover rates. UniSIG will provide schools with increased time for professional learning opportunities within the contract day, outside of contract hours, and during the summer.

### Action Step 1 5

Provide increased time beyond the contract day at Price Middle for instructional staff to collaborate and plan

#### Person Responsible

Mechele Higginbotham

#### Schedule

Monthly, from 10/1/2017 to 8/31/2018

#### Evidence of Completion

Timesheets

### Action Step 2 5

Develop and facilitate two days of Early Return for teachers at Price Middle prior to the contractual start of the 2018-19 school year.

#### Person Responsible

Mechele Higginbotham

#### Schedule

On 8/31/2018

#### Evidence of Completion

Sign in sheet showing the teachers that participated in the professional development.

### Action Step 3 **5**

Provide out of district opportunities for teachers and leaders at Price Middle to attend professional development that builds instructional practice and leadership skills.

**Person Responsible**

Mechele Higginbotham

**Schedule**

On 7/31/2018

***Evidence of Completion***

Registration confirmation, travel reimbursement forms

### Plan to Monitor Fidelity of Implementation of G1.B2.S1 **6**

Follow-up with teachers and leaders by collecting agendas and other documentation of attendance.

**Person Responsible**

Mechele Higginbotham

**Schedule**

Quarterly, from 10/1/2017 to 7/31/2018

***Evidence of Completion***

E-mail correspondence and agenda from professional development

### Plan to Monitor Effectiveness of Implementation of G1.B2.S1 **7**

Teachers will provide evidence of how they utilized strategies learned in their PD to improve student achievement.

**Person Responsible**

Mechele Higginbotham

**Schedule**

Quarterly, from 9/1/2017 to 7/31/2018

***Evidence of Completion***

Lesson plans and feedback from professional development.

**G1.B3 Student chronic absenteeism is a barrier to achievement. 2**

 B263999

**G1.B3.S1** We will monitor our attendance and create an attendance plan that targets students that have habitual absences as well as students that have very few absences. We have created an Incentive Committee that will determine the rewards offered to students that have less than 2 absences each month. 4

 S279636

**Strategy Rationale**

By providing incentives for good attendance we are expecting more students to be motivated to come to school.

**Action Step 1 5**

Attendance will be monitored each month and students with less than 2 absences will be rewarded.

**Person Responsible**

Kristen Stout

**Schedule**

Monthly, from 8/10/2017 to 5/31/2018

**Evidence of Completion**

Mrs. Stout will provide the students with a certificate of achievement for good attendance.

**Plan to Monitor Fidelity of Implementation of G1.B3.S1 6**

Mrs. Kanouse will keep track of the attendance of all students and give the list of students that have missed two or less days to Mrs. Stout.

**Person Responsible**

Ted Haengel

**Schedule**

Monthly, from 8/10/2017 to 5/31/2018

**Evidence of Completion**

We will announce those students that received a reward for good attendance each month. Students will be listed on a poster advertising their accomplishment.

**Plan to Monitor Effectiveness of Implementation of G1.B3.S1 7**

Students that receive a reward for good attendance will also have their behavior and grades monitored to see if there is a correlation.

**Person Responsible**

Kristen Stout

**Schedule**

Monthly, from 8/10/2017 to 5/31/2018

***Evidence of Completion***

Mrs. Stout will provide data to show how well students with good attendance are doing academically.
