Note: The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan is pending approval by the Putnam County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in [section 1008.33, Florida Statutes](#), is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by [Rule 6A-1.099811, Florida Administrative Code](#):

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of "Planning" or "Implementing" or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

a. Provide the school's mission statement

To ensure the academic program of Interlachen High School is rigorous, relevant, and provides the students with the tools needed to become life-long learners; to create a positive, safe, and nurturing atmosphere that encourages regular attendance and provides the necessary skills for post secondary life.

b. Provide the school's vision statement

Interlachen High School focuses on excellence for all students through challenging the mind with rigorous and relevant curriculum and developing courage through positive relationships.

2. School Environment

a. Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

We talk about diversity through our administration, guidance counselors, teachers, peer mentors, and the remaining faculty and staff. We also will be implementing an 8th period block for all students focused on building relationships and academic success.

b. Describe how the school creates an environment where students feel safe and respected before, during and after school

We have teachers that come in early for those students needing a place to stay until the teachers get here within their normal working hours. We also have a CODE club which celebrates embraces diversity among students that is sponsored by a teacher.

c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Teachers will use the beginning of the year to establish rules, routines, and procedures to ensure minimal loss of instructional time. If students are being disruptive during class time, then the teacher will use their class management skills to diffuse the situation. If that does not work, the student will be sent to the dean's office where further disciplinary actions will take place.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

The students of Interlachen High School have motivated and caring guidance counselors who provide counseling and mentoring services to any student. Putnam County School District has incorporated outside services to help facilitate the mental growth of any student needing these services.

3. Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

a. Describe the school's early warning system and provide a list of the early warning indicators used in the system

Interlachen High School will follow the Putnam County School District protocol for absences and truancy. Letters and phone calls go out to students and parents when their child has missed a minimum of 10 days (initially) and subsequent days as time progresses. Once a student has reached two referrals the MTSS team is activated for that student along with any academic failures. Those students who have been tested using standardized testing (FSA and EOC) and have received a "1" are provided additional support within their classes.

b. Provide the following data related to the school's early warning system

1. The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level												Total		
	K	1	2	3	4	5	6	7	8	9	10	11		12	
Attendance below 90 percent	0	0	0	0	0	0	0	0	0	0	116	113	72	91	392
One or more suspensions	0	0	0	0	0	0	0	0	0	0	49	35	17	11	112
Course failure in ELA or Math	0	0	0	0	0	0	0	0	0	0	78	48	35	12	173
Level 1 on statewide assessment	0	0	0	0	0	0	0	0	0	0	97	108	28	13	246

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level												Total		
	K	1	2	3	4	5	6	7	8	9	10	11		12	
Students exhibiting two or more indicators	0	0	0	0	0	0	0	0	0	0	41	28	15	8	92

c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

IHS will follow the PCSD truancy protocol to ensure students are monitored closely and parents are kept up to date with their child's attendance.

We will be implementing an 8th block specific to interceding with the early warning systems to help reduce the student count in each category. The eighth block will also work on interventions and remediation specific to students needs.

The school administrator, CRT, guidance counselors, school psychologist, teachers and other appropriate personnel will provide intervention strategies such as MTSS and/or PBS to improve the academic performance of students identify by the early warning systems.

Intensive reading classes will be offered at all grade levels. Intensive math will be offered to students in Algebra 1A who scored below proficiency on their FSA Mathematics assessment.

B. Family and Community Engagement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

a. Will the school use its PIP to satisfy this question?

Yes

1. PIP Link

The school completes a Parental Involvement Plan (PFEP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/304889>.

2. Description

A PIP has been uploaded for this school or district - see the link above.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

IHS maintains collaborative and partner-like relationships with Family Medical and Dental Services and Putnam Health to serve homeless and neglected and delinquent students by promoting health services. IHS also partners with the Department of Juveniles Justice and Putnam County Sheriff's Department to target delinquent students and provide mentoring and counseling services that foster relationships and provide supplemental support services. Stewart-Marchman provides mental health services to our students.

C. Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

1. School Leadership Team

a. Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Helms, Bryan	Principal
Oyster, Cathy	Assistant Principal
Spell, Sharon	Assistant Principal
Carroll, Kristin	Instructional Coach
Eubanks, Joy	Other
Guilfoyle, Kellie	Guidance Counselor
Stevens, Michael	Guidance Counselor

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

Bryan Helms-As Principal, Mr. Helms oversees the schools professional development needs, facilitates the staff professional development, conducts observations and provides follow up support, oversees curricula and resource implementation and needs,
Cathy Oyster- As Assistant Principal, Ms. Oyster performs monthly data analysis on the Early Warning Systems (attendance, course failures, and discipline), develops professional development for the staff, conducts observations and provides follow up support, works alongside the Guidance department to closely monitor our seniors and monitor the course progression of all students.
Sharon Spell- As Assistant Principal, Ms. Spell conducts observations and provides follow up support and assist with the Multi-Tiered System of Support.
Kristin Carrol- As the Curriculum Resource Teacher, Mrs. Carrol provides coaching and modeling support to improve instructional practices and use of and implementation of ELA curricula. She also helps facilitate Professional Learning Communities.
Joy Eubanks- As the TOSA, Mrs. Eubanks oversees all State testing and the monitoring and

implementation of the Multi-Tiered System of Support (MTSS).

Michael Stevens- As the eleventh and twelfth grade guidance counselor of IHS, Mr. Stevens provides counseling services, monitors graduation requirements, scheduling, and monitors students academic pathways.

Kelli Guilfoyle-As the ninth and tenth grade guidance counselor of IHS, Mrs. Guilfoyle provides counseling services, monitors graduation requirements, scheduling, and monitors students academic pathways.

Deborah Bishop- As the Math Department Chair Ms. Bishop monitors curriculum choices, leads PLCs for her department and mentors new teachers.

Kenny Methvin- As Special Areas Department Chair, Mr. Methvin provides support to special areas teachers, monitors instructional resource needs and leads PLCs within his department.

Liz Middleton-As Social Studies Department Chair, Mrs. Middleton monitors curriculum choices and leads PLCs for her department.

Paul Stegall- As Science Department Chair, Mr. Stegall monitors curriculum and resource choices and needs, as well as leads the department's PLCs.

Kris Wykoff- As English Department Chair, Mrs. Wykoff monitors curriculum choices, leads PLCs for her department and mentors new teachers.

Lynn Jones- As Tech Chair, Mrs. Jones monitors the schools' technology needs and use of technology, and inventories all resources.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

The MTSS/Rtl Leadership Team will work with the School Improvement Team to make sure that the processes are thoroughly integrated into the plan.

Title I. Part A. Programs are coordinated through the Curriculum/Instruction/Assessment department at the district level and include the Assistant Superintendent and personnel from ESE, MTSS, ESOL, PBS and School Improvement (Federal Programs). This team meets monthly (at a minimum) and establishes and monitors program evaluation for all schools to ensure entitlement programs' resources are available and fully implemented at each school site and that all funds are used effectively and efficiently as possible. School sites have the responsibility of keeping an inventory of resources purchased with Title I. Communication throughout the year is ongoing with the building level administrators regarding progress toward the goals and objectives as stated in the grants.

Coordination of these services is done in the following ways:

- (1) Principal and Assistant Principal meetings are scheduled monthly;
- (2) Progress monitoring assessments are completed during the year, with the results reported to each participating school for review. Revisions in objectives or instructional strategies are addressed and implemented to meet the needs of all students;
- (3) Email dissemination regarding school improvement, technical assistance, and data guidance are made available to school leaders;
- (4) All schools participate in an Instructional Review to identify individual school needs and desired support;
- (5) Support for schools is differentiated based on each school's current academic performance, teacher quality, leadership experience, and supportive environment;
- (6) Collaborative assistance is provided by consultants hired to address specific deficiencies demonstrated by participating schools through assessment analysis;
- (7) Professional development and support is coordinated with school leaders and provided by School Improvement Specialists and the Curriculum/Instruction/Assessment department on topics including lesson planning, instructional practices, resources, and problem solving.

Title I, Part C. In addition to the services provided by Title I, Part A, the district uses Part C funds to improve the academic achievement of the school's migratory children. Title I, Part C initiatives are coordinated by the Curriculum/Instruction/Assessment department, Federal Programs, and Exceptional Student Education.

Title I, Part D. In addition to the services provided by Title I, Part A, the district maintains collaborative and partner-like relationships with Family Medical and Dental Services and Putnam Health to serve homeless, neglected, and delinquent students by providing health services. The District partners with the Department of Juvenile Justice and Putnam County Sheriff's Department to target delinquent students and provide mentoring and counseling services that foster relationships and provide supplemental support services. Funds are also utilized to provide services at the district's Solutions Center (Alternative Center).

Title II. Part A. The Title II Project Director meets with Curriculum/Instruction/Assessment personnel as well as the directors of Title I and Title VI to ensure coordination and alignment of activities and fiscal support. At the district level, content coach positions in ELA, Math, and Science are funded as resource support for schools and teachers. Funds are also utilized to provide professional development for teachers and administrators at the district level. Funds are allocated at each school site to support professional development specific to the needs of the teachers as determined by the needs of their students.

Title III. The Title III Coordinator supports our English Language Learner (ELL) population by coordinating with schools to provide professional development opportunities for teachers, tutoring assistance for students based on need, after school programs for parents and students, and supplemental materials. In addition, a teaching assistant position is funded at Crescent City High School.

Title VI. Part B. The Title VI Project Director meets with Curriculum/Instruction/Assessment personnel as well as the directors of Title I and Title II to ensure coordination and alignment of activities and fiscal support. Funds are utilized to provide professional development for teachers to improve standards-based instruction. At the secondary level, funds are also utilized to provide credit recovery and tutoring for students to pass Florida EOC exams.

Nutrition Programs. Each student in Putnam County is provided free breakfast and lunch through the Community Eligibility Provision Program (CEP).

Adult Education. Adult education is available at Saint Johns River State College through a collaboration with Workforce.

Housing Programs. The district has a working relationship with the Putnam County Public Housing Authority. The authority supports the district by encouraging parents to participate in parental involvement designed to increase student achievement.

Violence Prevention Programs. The district works collaboratively with the Department of Juvenile Justice to provide support to students in need of behavioral interventions within and/or outside the school day.

Career and Technical Education. The Career and Technical Education (CTE) department works closely with students and business partners to provide each student the opportunity to leave high school as a highly skilled graduate with the skills necessary to thrive in current and future careers.

2. School Advisory Council (SAC)

a. Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Bryan Helms	Principal
Deborah Bishop	Teacher
Joneal Porter	Student
Brennan Wykoff	Student
Cynthia Jones	Education Support Employee
Alyssa Chappel	Parent

b. Duties

1. Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

a. Evaluation of last year's school improvement plan

School Improvement Plan (SIP) was submitted to SAC committee. Upon reviewing the SIP, suggestions were made and were implemented into the SIP before submission to the district office.

b. Development of this school improvement plan

The SAC will meet to discuss all parts of the school improvement and make adjustments as the SAC deems necessary.

c. Preparation of the school's annual budget and plan

This procedure has not been completed as of yet.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements

3. Literacy Leadership Team (LLT)

a. Membership

Identify the name and position title for each member of the school-based LLT or similar group, if applicable.:

Name	Title
Wykoff, Kris	Teacher, K-12
Oyster, Cathy	Assistant Principal
Spell, Sharon	Assistant Principal
Carroll, Kristin	Instructional Coach
Jones, Lynn	Teacher, K-12

b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable

There are three initiatives: to ensure 20/60/20 complexity items in all subject areas; to have discussion about text and writing in response to text; and close reading.

Bryan Helms- Principal

Cathy Oyster- Assistant Principal

Sharon Spell- Assistant Principal

Kristin Carroll- CRT

Cynthia Jones- Media Specialist

Kris Wykoff- English Department Head

D. Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

The implementation of collaborative planning along with the required PLCs will encourage positive working relationships between teachers. Inter-collaborative planning exists between Interlachen High School and Palatka High School.

New teachers are provided support from the District level once a month. They are also partnered with a mentor teacher and will complete the District's Mentor/Mentee packet. New teachers are also provided instructional and planning support through our Curriculum Resource Teacher, Kristin Carroll. She meets with each individual teacher and provides specific support based on the teacher's needs.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

Preparing, training, and recruiting high qualified , certified-in-field , and effective teachers to the school as well as principals include Part A; Teacher and Principal training and recruiting fund and Part B; Enhancing education through technology, Initiatives to improve the quality of instruction are directed by Local Educational Agencies. These programs are directed through the district's Curriculum and Instruction Team and include the above mentioned personnel and the Directors of Staff Development, Elementary, Secondary, Exceptional Education and Federal Programs.

3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Rationale: To strengthen and enhance pedagogy.

Activities: Frequent meetings minimum weekly; discussions and demonstrations on best teaching practices.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

a. Instructional Programs

1. Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

Each Department is charged with identifying standard's based and aligned materials that are most appropriate for the needs of our students while ensuring the integrity of the standards are maintained. The Math Department utilizes Math Nation as their core instructional resource. The ELA department uses Collections, Read 180, and Achieve 3000.

b. Instructional Strategies

1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

EOC and FSA scores are used to determine the placement of students whether the student is placed in "intensive" classes such as reading or math, regular educational classes, or in honor classes/AP classes. Teachers may collaborate at the end of the year to make determinations of the placement of students. FAIR is also used as a determination for "intensive" or "remedial" classes. Teachers will also use common formative assessments every 4 weeks to progress monitor and provide differentiated instruction within the core. An eighth block will be provided to every students to also allow for remediation, intervention, and/or academic support.

2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: After School Program

Minutes added to school year:

Odyssey Ware and FLVS are programs designated for students who are in grade recovery or lacking credits.

Strategy Rationale

To expedite graduation for those students who have severely fallen behind in credits.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Spell, Sharon, sspell@my.putnamschools.org

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Both programs are web-based. Teacher in charge of programs will be able to locate grades and determine the percentage of students who are passing their individual courses.

Strategy: Summer Program

Minutes added to school year: 2

Students were provided with additional math instruction related to Algebra during the summer during the Summer Boot Camp hosted by one of our math teachers.

Strategy Rationale

Increased instructional time specific to limited domains prior to sitting for the EOC retake will increase proficiency.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Oyster, Cathy, coyster@my.putnamschools.org

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

School administrators will monitor the success of the Boot Camp once EOC Algebra Retake scores have been released.

2. Student Transition and Readiness

a. PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

Students Athletes and Student Government form a cooperative group and offer tours for the incoming students and parents on schedule distribution day.

The Guidance Department will work to create a smooth welcome and transition process for incoming freshman, as well as any new student entering the school.

b. College and Career Readiness

1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

District wide all 8th and 9th grade students will take the explore test in the fall.

The explore test includes an extensive career interest inventory which will be utilized for EPep planning and revisited annually.

Improvement in ACT, SAT, & CPT by increasing the level of rigor and expectation in core classes based on Post-Secondary Readiness assessment standards and the number of students enrolled in remedial courses at the college level. Seniors will have the option to participate in the College Night hosted by the district. We also host a Financial Aid Night at IHS for juniors and seniors. Our Guidance Counselors also meet with students to talk with them regarding their pathway and promote each program. Students are provided with a Success 101 class in which they plan their post secondary pathway and research career paths beyond high school.

2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

Vocational CAPE Academies integrated core curriculum into vocational curriculum via projects and practice. By increased rigor in core courses to better prepare students for post-secondary readiness. Health Science, Culinary Arts, Agriculture, Computer Science Technology., Information Technology, and Criminal Justice are programs all offered within Interlachen High School that allow for certification.

3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

Within our career and technical education programs, teachers are expected to embed reading and math strategies within their content. Teachers are expected to integrate best practices that support academic achievement across all areas.

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

For those students who have not acquired at least a 3 on their EOCs, intensive reading or math classes are available. After school tutoring enhances those skills lacking in all core subjects. The PSAT exam will be given this year to our ninth, tenth, and eleventh graders; this in turn, will offer a glimpse of a student's strengths and weaknesses as they prepare for college. Our Senior Counselor will meet with each senior to help prepare them for post secondary

II. Needs Assessment

The school's completion of this section may satisfy the requirements of 20 U.S.C. § 6314(b)(1)(A).

A. Problem Identification

1. Data to Support Problem Identification

b. Data Uploads

Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

The following documents were submitted as evidence for this section:

No files were uploaded

2. Problem Identification Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary

This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why"? or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

Our bottom quartile in ELA has maintained the same rate as the State (41%), however, only 32% of students have passed with a level 3. The Math scores show a 23% passing rate with only 27% showing learning gains and 23% of the bottom quartile showing learning gains. After debriefing with the math teachers and looking at the data, we have identified several root causes of what resulting in minimal growth

and success in math:

- 1) Core instructional materials were not aligned nor at the rigor of the standard.
- 2) Formative assessments were not utilized to monitor student learning and understanding and clarify misconceptions.
- 3). Remediation of standards was minimal.

C. Strategic Goals

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Strategic Goals Summary

- G1.** If the school's lead team creates a comprehensive plan that promotes structures with aligned professional development for tracking, monitoring, analyzing, and goal setting, then teachers will be able to provide meaningful, differentiated support tailored to the specific needs of students so that all students will be able to maximize their full individual potential.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

Problem Solving Key

G = Goal **B** =
 Barrier **S** = Strategy

1 = Problem Solving Step  S123456 = Quick Key

G1. If the school's lead team creates a comprehensive plan that promotes structures with aligned professional development for tracking, monitoring, analyzing, and goal setting, then teachers will be able to provide meaningful, differentiated support tailored to the specific needs of students so that all students will be able to maximize their full individual potential. 1
