

DUANE NIENABER

*Branch Director / Financial Advisor &
Co-author of The Ordinary Millionaire*

“Duane Nienaber, a financial expert, strives to ensure ethical standards in the business world. A financial advisor with a heart of gold, Nienaber gives the financial profession a rather good name. Confident in his abilities, he serves to counteract the negative connotation given to the business through faulty advice by looking beyond simply selling policies and providing the type of customer service that brings clients to tears of gratitude for the services provided.”

I specialise in risk planning, life and disability insurances, investment planning, healthcare planning and personal savings. I cater to multiple industries, including the corporate world, governmental realm, and professional or individual needs. Whether one requires expert advice on Income Tax, trading in listed & unlisted shares, debt consolidation, Financial Accounting, trading in Foreign exchange, or trust funds, excellence is key in the financial profession.

Often my clients describes me as a focused, determined and driven personality, I expect nothing less than the best to be given and received, setting a rather high standard for all currently seeking a career in the industry. Promising little but delivering extra has given me as professional the financial expert the foothold necessary to skip the mainstream advice and focus on the quality delivered.

A client demands honesty, quality work and sincere good service when walking through that door. What I deliver exceeds those expectations – I stand by the following statement “Look after your clients in good times and bad and they will stick with you. Most often, it is your most difficult clients that are your best clients.” Living by these values, my clients are presented with business deals which are clearly beneficial for both parties involved, allowing one to truly have fun with financial ventures.

I have noticed in the Industry that it is rare for a financial expert advisor to enjoy walking a journey with his clients, helping them to obtain Gold Vitality status. Discovery prides itself on Vitality and is a fantastic vehicle to interact with one’s clients on a regular basis. In his words, “My clients must think of me as a shadow; I am with them through the ups and downs.”

“I look after your health and make sure you enjoy yours.” Death is inevitable, a prospect that, when faced, gives us the strength to enjoy the wealth of health and take pleasure in life. This is what I enthusiastically deliver. After all, the best way to enjoy life is to shake off the worries and share it with those we love.

If someone asks you, "Are you a millionaire?" your immediate response would probably be NO if you don't have millions in the bank, right?

We always think that there should be "more to life" and that MONEY would buy us happiness. But, what if someone asks you whether you would trade your family, friends, partner, or your skillset for a million Rand in cash, hmmm then your answer would probably be NO too, right?

The Ordinary Millionaire is attooh!'s financial educational drive. It is based on the fact that YOU ARE indeed a millionaire already. The people you love and the moments of deep, authentic wellness - goes way beyond a life of worldly riches. Your MOMENTS, your happiness, that makes you a millionaire.

The ordinary millionaire is you. It's me. It's when we realise that the millionaire-moments and magic of life is in everything that surrounds us...

Once you have bred your internal millionaire mindset, when you start working with what you have rather than resenting what you don't, you pave a way of true purpose. And then... it's just a simple formula, a proven recipe, strategy, and commitment that will set you on a journey to complement your millionaire mindset with an external, monetary one.

Every single person has the opportunity to become a millionaire. We feel everyone should have the know-how and the knowledge to do so. The Ordinary Millionaire is an initiative inspired and developed by financial experts that want to equip you.

DOES YOUR MONEY NEED A "PROFESSIONAL TRAINER"?

Imagine a world where finance is associated with **LIFE, TIME** and **GROWTH** rather than **ANXIETY** and **STRESS**? At attooh! We believe that your financial journey should and could be a journey of enjoyment, fulfilment and escalating success.

It really is time to put **YOU** first. Take control of your finances and allow me, as your Financial Coach to guide you along the way.
