## I BOUGHT YOU SOME RECYCLED TYRES!

In Indonesia, loan recipients can use their skills and creativity to turn used tyres into furniture such as chairs and pot plant holders. With their creations sold to earn the income they need to afford nutritious meals, clean water and an education for their children, there's no doubt about it—this kind of recycling is *wheelie* good.

OPPORTUNITY  
International  
AUSTRALIA

I GOT YOU  
**SOMETHING  
BIGGER!**

By giving families a hand up out of poverty with this **Something Bigger** gift from Opportunity International Australia, you're helping them transform their lives, their children's futures and their communities.
