

POCKETFINDER+® Wearable GPS / A-GPS / Wi-Fi LOCATOR

The PocketFinder+ Wearable GPS tracker helps families breathe easier knowing they can quickly find their loved one's location on a map- whether they have wandered away from home or simply need limited monitoring.

PocketFinder GPS Solutions are especially useful for keeping track of children, teens, and young adults while they are walking, riding the bus to school, on a field trip, or simply out with family and friends. PocketFinder+ is the solution for your peace of mind and for their independence.

Highlights:

- See tracker location, alerts & history on smartphone App and online interface
- Alerts sent when tracker enters or exits a zone and SOS button pressed
- Trigger "Track Mode" for 5 minutes of continuous tracking from the app
- Multiple users can log into one secure account
- Easily connects to key chain, backpack, and bags
- Rugged and water resistant up to 3 feet (1 meter)

Capabilities:

- Accurate location utilizing all three location services: GPS, A-GPS 3G Cell ID, and Wi Fi touch for indoor locations
- Locate at set intervals when moving, sleeps (saves battery) when not moving
- Simple set up of unlimited zones, low battery alert, and SOS alert
- Military grade security
- See up to 60 days of history, all downloadable into excel or PDF
- View multiple trackers on one account
