Certificate of Conformance

Quality Representative RR

Date 7/20/16

This is to certify that all items included in this shipment have been inspected and conform in all respects to the specifications and requirements applicable to the above referenced purchase order. Records for traceability can be available for this specific purchase order. The seller guarantees all items supplied in the above referenced purchase order for 30 days to fit, form, and function. Seller also certifies that the components supplied to the above mentioned purchase order did not come in contact with mercury or mercury contaminants during the handling process.

Terms & Conditions:

Any product returns shall be subject to compliance with the sellers return merchandise authorization (RMA) policies and procedures, as well as applicable restocking charges. Any claims on product must be made within 30 days of delivery. All returns must have a return authorization number (RMA) displayed on the outside of the package, returned in the original packaging, and conform with minimum package quantity (MPQ) requirements. No returns will be accepted due to electrical failure unless accompanied by a Test Report from an Independent Lab. Products not eligible for Return shall be returned to Buyer Freight Collect.
