

Hog Heaven[®] III Modular Tile

There are three components in the Hog Heaven III Modular Tile System, the corner tile, side tile, and the middle tile. The corner tile has a border on the two sides. The side tile has a border on one side. The middle tile has no borders.

Step 1: Start with a corner tile and attach as many side tiles as is needed to complete the width of the installation ending with another corner tile.

Step 2: Beginning at a corner tile, attach as many side tiles as is needed to complete the length of the installation ending with another corner tile.
