

Tech Tip # 113

Grand Impressions HD logo mats.

Grand Impressions HD Logo mats are not designed for commercial laundering. Doing so may cause the backing and binding to fail. Grand Impressions mats should be vacuumed regularly to prevent soil buildup. If these mats become soiled they should be cleaned using traditional carpet cleaning procedures or they may be washed with a garden hose and hung to dry.

Should you require additional information or if M+A Matting can be of further assistance, please call us at 1-800-241-5549 or 1-706-882-2961.
